Welcome to the Veranda® Vinyl Fence Guide.

The enclosed contents will assist in the shopping experience from choosing the right style and color for a project to selecting the accessories to complement. After determining your selections review the easy and quick installation overview to ensure you have everything you need for this project.

All our products are backed by our Transferable Limited Lifetime Warranty.

Questions or need further help? Contact us at 1-877-279-4496 or visit us online at www.veraanda.barretteoutdoorliving.com

Veranda Vinyl Fencing is low maintenance, never needing sanding or painting. Great for pool areas and yards, providing a neighbor-friendly look to your property.

All Veranda® Panels:

Wind Code Approved
Vinyl fence panels meet Miami Dade wind code with additional products and assembly.

Select Veranda® Panels:

Privacy
Vinyl fencing adds privacy and security to any home.

Decorative
Vinyl fencing adds decorative curb appeal to any home.

Pool
Pool code approved panels meet ICC requirements.

ProLock®
Our patented technology locks panels from the inside.

ProSeal™
Our patented technology delivers strength and durability.

Understanding Vinyl Fencing

Veranda Vinyl Fencing is available in two different installation methods: pre-built panels and ready-to-assemble kits. Here is an overview of each for comparison.

READY-TO-ASSEMBLE KITS:

Pro Series panels are heavy-duty, ready-to-assemble kits. Available in Privacy and Decorative Picket styles, these panels use routed posts which allow the panels to follow the contour of your yard (also known as "racked") without the use of brackets.

Panel to Routed Post Connection Details:

- Line, corner, end post & post tops sold separately

- Vinyl Fence Panel Kits (assembly required)

- Panels follow the terrain, 1 inch per foot

Available Colors

Ready-To-Assemble Fence Panel Kit

To complete a fence section you will need:

PRE-BUILT PANELS:

Pre-Built bracketed panels are lightweight, ready-to-install panels. Available in Privacy and Decorative Picket styles, these panels use brackets and blank posts which allow the panels to stagger along your yard (also known as "stepped").

Panel to Bracket to Post Connection Details:

- Posts and brackets sold separately

- Vinyl Fence Panels (Pre-assembled)

- Panels can be installed to step over terrain

Customize your Vinyl Fence Project

Add safety and accessibility to your fence project with our customizable gate options. Every Veranda fence panel has a coordinating gate option that can be cut to fit most openings.

Pro Series Gates:

Pro Series Fencing uses ready-to-assemble gate kits available in drive or walk gate widths to match your color and style. Selected drive and walk gates include one Heavy-Duty Boerboel® Hinge Kit. See product pages for details. Additional hardware on pages 74-77.

Walk Gates

Drive Gates

Bracketed Gates:

Pre-Built Fencing panels can be cut down. Use a Veranda Vinyl Fence Hinge Kit to create a custom gate.

Cut Panel

PRO•TIP
To create your own custom gate, choose 1 panel & 1 hinge kit.

Before beginning your project:

- Be sure to check with your local zoning laws and Home Owner's Association
- Call 811 to have your underground utilities marked on your property

Project Planning:

- Determine and sketch distance, location, obstacles and if any gates are needed
- Mark your property line to prevent neighbor disputes

Pro Series:

- L** Line Post: Posts with holes on two opposite sides to connect fence sections.
- C** Corner Post: Connects two sections of fence coming together at 90°.
- E** End Post: End a line of fence. Only one section of fence will connect to an end post.
- B** Blank Post: Has no holes, and is used with a gate latch.

Bracket Panels:

- B** Blank Post: Has no holes, and brackets attach to post with included screws. No line, corner or end posts are required.

Need help with installation? Home Depot can do it for you. Call 1-800-homedepot for more information and a free in-home estimate.

Need help estimating materials?

Scan this QR Code with your mobile device and use our Veranda® Fence Estimator to help you calculate the number of each product you will need to complete your fencing project.

Ready-to-Assemble Installation Overview

Before starting, make sure you have all the correct parts, tools and supplies you will need.

1 Install Posts

- Mark off the fence location using string and line stakes. Plan gate placement, opening and hardware clearance before installing fencing.
- Starting with a corner or end post, dig holes 10" in diameter and at least 36" deep. To establish correct depth, determine local frost line depth and add 6" for gravel.
- Set posts at appropriate distance for panel and post sizes, measuring from the centers of the posts. It is recommended that you do not dig more than one hole ahead until you are confident in your spacing.
- Mix the concrete on the dry side to allow the posts to set faster. Fill bottom of holes with 6" of gravel and place post on top. Fill first hole to the top with concrete. Ensure the rail is plumb and level. Let concrete set, making sure panel will be 2" above ground. Do not add concrete to second hole until later.
- You will not install all posts at the beginning. **Installation should alternate post, then panel, then post.** Have the next post hole in the run dug and filled with gravel before installing the panel to make the job easier.

2 Install Panels

- If your style includes an aluminum rail insert, place it in the bottom rail then insert the bottom rail into the bottom post route hole of the first post only. Panels with 7" rails do not require aluminum inserts.
- Next, attach u-channels to two of the boards.

2 Install Panels (continued)

- Insert the boards into the bottom rail ensuring the two boards with u-channels are located on each end, channels facing outward.
- For full privacy panels, insert the top rail into the top post route hole of the first post, then guide over tops of boards. For other styles, there will be a few additional steps to install lattice top or open or closed picket top fences.
- Insert the completed fence panel into the route holes of the second fence post. Plumb and level the post and add concrete to the top of the hole.
- Measure the distance for the next panel, beginning at the center of the second post and ending at the center of the next post. Dig the hole for the third post. Repeat steps until completed.

3 Attach Post Caps

- To Attach post caps, apply glue on inside rim, position on posts and apply pressure.

Pre-Built Installation Overview

Before starting, make sure you have all the correct parts, tools and supplies you will need.

1 Install Posts

- Measure the width of the fence panel (X) plus 3/4" for brackets, add the width of the post (Y). This is the general on center measurement for post hole location (Figure 1).
- TIP:** If cutting the panel is necessary to achieve desired panel width, measure, mark then slowly cut the panel using a fine tooth saw.
- Dig first 2 post holes 10" in diameter down to your specified frost line plus 6". Insert 6" of filler/gravel into bottom of both holes and then set first post in ground.
- Add wet or dry concrete mix according to the manufacturer's instruction to top of hole for first post only and level it.

Figure 1

2 Install Brackets and Panels

- Drop second post into pre-dug hole.
- When concrete has set on first post, measure and attach lower dovetails to both posts 15-11/16" from the ground. Attach remaining dovetails at appropriate heights as shown.
- TIP:** Use the center lines located on the dovetail to aid in aligning to the center location of your post.
- Slide brackets onto end of all rails (Figure 3).
- Align brackets above installed dovetails, and securely slide bracketed panel down over dovetails (Figure 3).
- After panel is attached, add concrete to second post hole, level and plumb. Repeat steps until all fence panels and posts have been installed.
- Apply post tops to post utilizing Veranda vinyl fence post top clips (Figure 4).

Veranda Products. Built by Barrette.

Transferable Limited Lifetime Warranty

What is covered: Barrette Outdoor Living warrants vinyl and aluminum products to include; vinyl and aluminum fence, vinyl and aluminum railing and plastic lattice against defects or workmanship for as long as you own your home. Barrette Outdoor Living will at its option replace the product in question with new product of the same or equivalent value at no charge. Barrette Outdoor Living warrants these products against peeling, flaking, splintering, corrosion, rusting or abnormal discoloration under normal use. This warranty extends to the original purchaser or transferee as specified herein on the products noted above. Separate and distinct warranties for hardware and other products are not covered under this warranty.

What this warranty does not cover: This limited warranty does not cover damage resulting from accident, unreasonable use, neglect, alteration, improper service, improper installation, acts of God or any other causes not arising out of defects in materials or workmanship. Additionally, this warranty does not cover costs of installation, removal, reinstallation or surface mold and mildew created by excessive environmental conditions. Any service or repair provided outside the scope of this limited warranty shall be at Barrette Outdoor Living's rate and terms then in effect.

What do we do to correct the problems? Should your Barrette Outdoor Living product prove defective under warranty, reference the website or call the phone number listed below. Your problem will be assigned a tracking number and an authorized Barrette Outdoor Living representative will contact you to arrange a convenient time to schedule an onsite inspection, or request pictures, if need be. If after inspection product is deemed to be manufacturer defect we will make arrangements to rectify the issue. You must have proof of your purchase in order for the problem to be corrected.

Transferee Coverage: Warranty coverage will be extended to one transferee on the above listed products with the following limitations. Transferee must obtain an original or copy of the initial sales receipt (with proof of date) from the previous owner(s). Additionally, if fence is purchased from a builder or installer, documentation must be supplied that names the product installed on property and date of transfer.

Registration: To activate this warranty, the online registration card must be completed and returned to Barrette Outdoor Living within 30 days of installation.

Additionally, this Warranty does not cover damage associated with surface mold and mildew resulting from environmental conditions including air pollution, or any other causes not arising out of defects in materials or workmanship by Barrette Outdoor Living.

This Warranty does not cover costs of removal or disposal of product, or reinstallation of replacement product. Any service provided outside the scope of this limited Warranty shall be at Barrette Outdoor Living's standard rate and terms then in effect.

Barrette Outdoor Living reserves the right to discontinue or modify any of its products, including the color of its products, without notice to the homeowner/consumer, and Barrette Outdoor Living does not warrant that any replacement material will match or be identical to the original product as replacement products may vary in color or gloss in comparison to the original product as a result of normal weathering. If Barrette Outdoor Living replaces any material under this Warranty, it may substitute products designated by Barrette Outdoor Living to be of comparable quality or price range in the event the product initially installed has been discontinued or modified.

THIS WARRANTY IS IN LIEU OF ALL CONDITIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED CONDITIONS OR WARRANTIES OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THE PART OF Barrette OR ITS LICENSORS, SOME STATES DO NOT ALLOW THE EXCLUSIONS OF IMPLIED WARRANTIES OR LIMITATIONS OF HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. IF THE PRODUCT IS DEFECTIVE PER THE ABOVE COVERAGES, YOUR SOLE AND EXCLUSIVE REMEDY SHALL BE REPAIR OR REPLACEMENT AS PROVIDED ABOVE. BARRETTE AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY DAMAGES, LOSS OF USE, LOSS OF PROFITS OR INTERRUPTION OF BUSINESS WHETHER SUCH ALLEGED DAMAGES ARE BASED IN WARRANTY, TORT, CONTRACT, OR INDEMNITY. SOME STATES DO NOT ALLOW THE EXCLUSION OF LIMITATIONS OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. This warranty is valid only in the United States and Canada.

For any specific questions about the Barrette Outdoor Living Warranty or to make a warranty claim please contact Barrette Outdoor Living by visiting our website www.barretteoutdoorliving.com, emailing or calling 1-800-336-2383.
