

4" and 6" Recessed Downlight Trims

Professional lighting design look and performance in a snap.

Cree® LED Recessed Downlight Trims are the ideal accessory to enhance your recessed lighting experience and complement the architecture and décor of your home. The Cree Baffle Trims absorb stray light and reduce glare, while directing light where you want it—beneath the downlight. Cree Eyelid Trims direct light towards a wall to highlight artwork or architecture and wash a wall with light.

Affordable and easy to install, Cree LED Recessed Downlight Trims come in 4" and 6" sizes to fit Cree TW Series Dimmable LED Retrofit Recessed Downlights.*

Matte Black Baffle Trim

White Eyelid Trim

Choose your trim

Matte Black

Provides the best glare reduction and a dramatic ceiling appearance when unlit

Satin Nickel

Complements modern decor and stainless steel appliances with good glare reduction and blends seamlessly with the ceiling when unlit

Satin Copper

Complements traditional design and wood tones with good glare reduction and blends with the ceiling when unlit

Eyelid

Directs light from a downlight washing the wall with light to highlight artwork or architecture and makes a dramatic design statement.

*Downlights sold separately.
