

# PERGO®

## Defense+™

ANTIMICROBIAL WATERPROOF LAMINATE WOOD  
AND LUXURY VINYL FLOORING

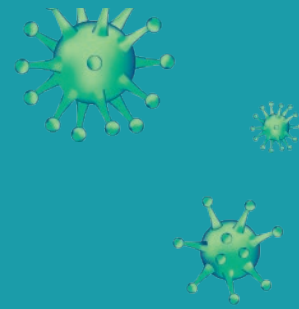

CLEAN. DURABLE. BEAUTY.

Only At

# Cleaner. Because you live on your floors.

Pergo® Defense+™ flooring is made to stay cleaner for people who really live on their floors; people like you. An advanced antimicrobial technology protects your floor by prohibiting the growth of mold, mildew, and other bacteria. Combined with our waterproofing technology, this floor guards against everyday spills and against microscopic invaders.

Sun Veiled Oak  
LF001053

## Defends against spills, splashes and pet accidents.

Pergo® Defense+ waterproof floors provide a total waterproof solution. Ultra-tight locking joints keep spills on the surface instead of allowing them to seep through to cause damage to your floor. Liquids can easily be wiped up or allowed to evaporate. And when you're looking for a deep cleaning, you can use a wet mop. If you want to get that extra level of clean without the use of any chemicals, Pergo Defense+ is even approved for steam mopping!

## Hardworking solutions for every home.

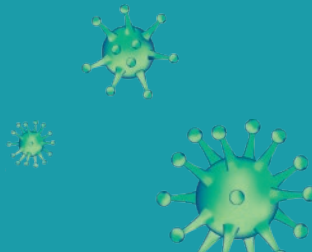

High-heeled shoes, cat claws and dog paws, kids' art projects, kitchen spills—your home's flooring faces tough challenges every day. And whether you're looking for laminate or luxury vinyl, Pergo® Defense+™ flooring can take it. Both laminated wood and luxury vinyl provide the authentic look and feel of hardwood without giving up any of the performance your life needs. They're waterproof; wear and stain-proof; and feature incredible scratch-resistance. So long after hardwood is reduced to splinters, these floors will still be looking great.

## Why antimicrobial protection?

With the Pergo Defense+ antimicrobial innovation, floors get an extra level of protection. Microbes are actively attacked by the safe and effective additive embedded in these floors. So, you can rest assured knowing your floors are fighting the growth of mold, mildew, fungi and bacteria.

Defense+ antimicrobial technology makes these floors easier to clean and keeps them cleaner. And cleaning won't harm the protection. The antimicrobial technology will not wash off from proper care and cleaning.

Which means your floors stay cleaner and last longer.

## Built for life.

PERGO® DEFENSE+™ LAMINATE WOOD FLOORS ARE BUILT BETTER, WITH A HIGH-PERFORMANCE WOOD CORE AND PERGO TECHNOLOGY.

### Exceptional Performance Surface Layer

This tough layer of aluminum oxide protects the surface of your flooring. With SpillProtect waterproofing technology and an embedded antimicrobial additive, this overlay creates a wear, fade and stain proof plank that resists scratches and scuffs.

### Design Layer

Amazing realism and authentic character in the décor are coordinated with beautiful complementary textures in the surface layer.

### Premium HDF Core Board

A core of high-density wood fiberboard provides stability and dent resistance.

### Water-tight Joints

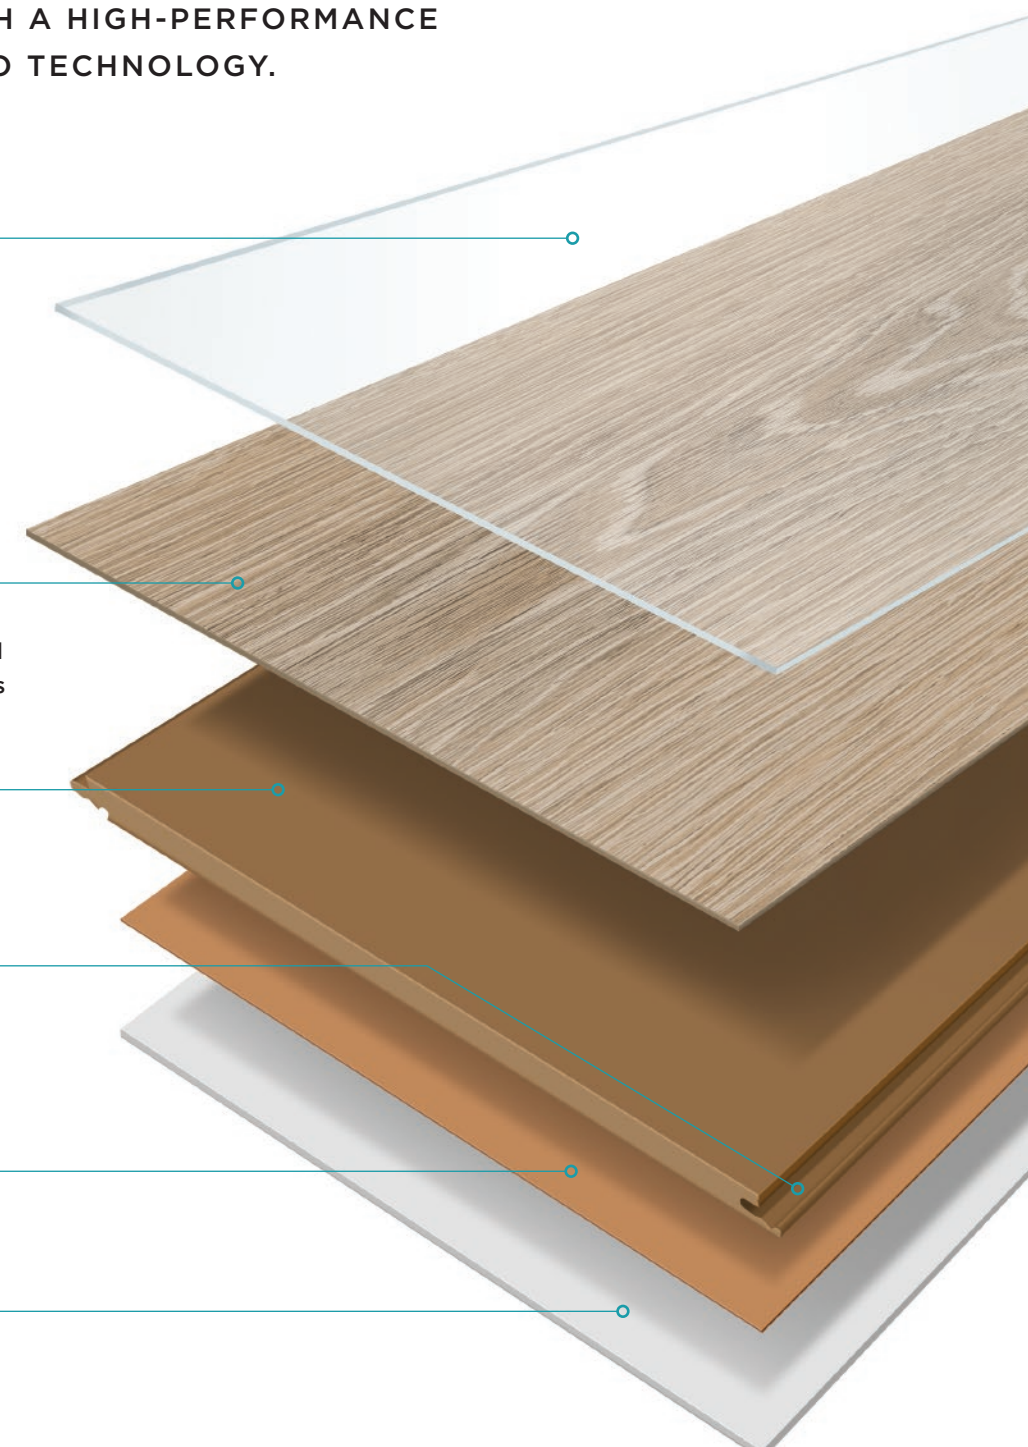

Precision milling and patented Uniclic® technology provide the tightest locking system of any hard surface flooring.

### Balancing Backing Layer

The balancing layer increases stability to prevent bowing or collapsing.

### Pre-Attached Underlayment

Creates a softer feel underfoot and makes installation even easier.

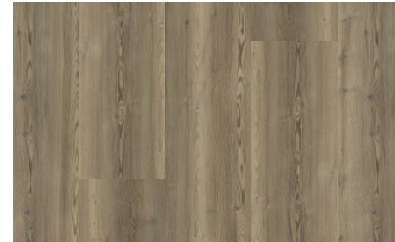

A Lifetime Limited Residential and 10-Year Light Commercial warranty guarantees long-lasting beauty and performance.
