

Use the enclosed spoon to measure just the right amount.

Small bowl for feeding indoor plants.
Mix 1/2 teaspoon with 1 gallon of water.
Mézcle 1/2 cucharadita con 1 galón de agua.

Large bowl for feeding all outdoor plants.
Mix 1 1/2 tablespoons with 1 1/2 gallons of water (total capacity of spoon is 1 1/2 tablespoons for use with typical 1 1/2 gallon watering cans).
Llévelo por favor a utilizar con los permisos de cubetas, con una capacidad total de la cuchara es 1 1/2 cucharadas para usar con las regaderas normales de 1 1/2 galones.

Once a packet has been opened, high humidity may cause it to absorb moisture - this is natural and harmless.
Después de que el paquete se abre, la alta humedad puede ocasionar que este absorba humedad extra, esto es natural e inofensivo.

Directions For Use
Instrucciones

With Watering Cans
Mézcle 1 1/2 cucharadas (the large end of the enclosed scoop) per 1 1/2 gallons of water in a watering can.
For best results, soak the soil at the base of plants every 7 to 14 days.
Con regaderas:
Mézcle 1 1/2 cucharadas (el lado grande de la cuchara incluida) por cada 1 1/2 galones de agua en la regadera. Para obtener mejores resultados, empape la tierra en la base de las plantas cada 7 a 14 días.

With Miracle-Gro® Garden Feeder®
For larger outdoor gardens, fill the feeder (at the top of the label) See feeder package for additional instructions. For best results, use every 7 to 14 days, just soak the soil at the base of each plant to fertilize. The cross 1 1/2 lb feeds approximately 600 square feet of garden area. Please use only as directed.
Con el aplicador Miracle-Gro® Garden Feeder®
Para jardines exteriores más grandes, llénelo el bote del aplicador hasta la parte superior de la etiqueta. Consulte el paquete del aplicador para obtener instrucciones adicionales. Para obtener mejores resultados se debe usar cada 7 a 14 días, solo empape la tierra en la base de cada planta para fertilizar las raíces. 1 1/2 lb fertiliza aproximadamente 600 pies cuadrados de área de jardín. Debe usarlo únicamente como se indica.

For All Vegetables:

Miracle-Gro® Water Soluble Tomato Plant Food is great for use on all types of vegetables. When starting from seed, wet the seedbed but don't soak it. Once seedlings are well established, feed at normal recommended rates.

For Big, Beautiful Miracle-Gro® Results...

Plants Need
Water Sunlight Nutrition

Plants need water, sunlight and nutrition to flourish throughout the season. For best results, feed every 7-14 days when plants are actively growing.

Plant It Right
Great soil is the first step for a beautiful, thriving garden. Miracle-Gro® soil helps create the right environment to get your plants off to a great start.

Feed It Right
For spectacular results, thirty days after planting in Miracle-Gro® soil, begin feeding regularly with Miracle-Gro® Water Soluble Tomato Plant Food to keep plants growing vigorously. If planting in existing soil, feed at planting time to help plants become established.

Dedicated To A Beautiful World®
Trusted by generations of gardeners, Miracle-Gro is dedicated to helping you enhance and protect the natural beauty of your home environment.
