LIMITED WARRANTY INFORMATION

Thank you for choosing an Alpine product! We aim to please with our wide range of products including Fountains, Birdbaths, Statuary, Pond Supplies & More. All of our products are constructed from the highest quality materials. In the event that we have not achieved our usual standard of excellence, we will repair or replace, at our discretion, within the warranty period. A valid proof of purchase, with the purchase date clearly indicated, must be provided. Photos of defective merchandise will also be required to help distinguish the actual cause of the defect. Please read below for a detailed description of warranty coverage.

- **Water Damage**
Alpine products are not manufactured to withstand extreme temperatures. Improper storage that allows water to freeze within a product may cause damage, is considered negligence, and will not be covered under this warranty. The use of "hard water," and/or caustic cleaners, can affect the painted or other finishes. Failure to keep the unit clean, and use of such additives/cleaners, will also void the warranty. Please note: for fountains, it is normal for some splashing to occur and protecting the immediate surfaces is not the responsibility of Alpine Corporation.
- **Paint & Color (Retention and/or Loss)**
The use of water will cause natural erosion to the color. This area can be touched up using standard paint. The paint is designed to protect the entire finish against breakdown of color. As with any product, all finishes with time will gradually fade and discolor. The warranty will only cover against severe or complete fading, within the first year from date of purchase, with the above exclusion.
- **Procedure/Service**
Should a warranty/claim be needed, you should contact the retailer from whom you purchased the product. If that is not an option, you can contact Alpine Corporation at www.alpine4u.com. When contacting Alpine Corporation, you must be prepared to show proof of purchase, provide photographs and any other information needed to validate your claim. This may be necessary to distinguish between a partial or complete replacement of a defective product. The warranty does not cover any items with multiple parts; the warranty will ONLY cover the individual component of the unit/item that may be defective. Replacement parts can be made available to a consumer through the original selling party, or an approved parts retailer. If this is not an option, contact our customer service department. **Item is covered under one year limited warranty from the date of purchase. When requesting replacement parts due to a warranty claim after 30 days of purchase, credit card information will be requested for shipping charges.**
- **Not Covered Under Warranty**
The limited warranty will NOT cover cases of damages due to:
 1. Damages caused in Transit
 2. Inadequate care and/or neglect
 3. Environmental and/or natural elements
 4. Immersion in water, unless specified
 5. Improper Installation/Storage and/or Maintenance

This warranty is void if the product has been damaged by accident, misuse, negligence, improper installation and/or modifications have occurred. This includes any and/or all defects arising out of freezing water damage, hard water damage, failure to keep the unit clean and free of harmful additives such as bleach, chlorine, etc.... which affects the paint and/or parts. This warranty also does not cover any additional charges or installation, removal, disposal and/or shipping costs or consequential damage associated with any warranty claim.

WHAT'S INCLUDED

Reindeer Body*
1x

Reindeer Head*
1x

Light Cord with 50 Lights*
1x

Reindeer Antlers*
2x

**Reindeer Head, Body, Antlers & Lights are attached.*

Spare Bulb*
2x

Spare Fuse*
1x

**Spare bulbs and fuse are attached to cord.*

To replace the fuse, slide open the door on the plug. Remove the damaged fuse and replace. Slide close the door, and your lights are ready to use.

CAUTION

- Always unplug the pump from the electrical outlet before cleaning & handling
- Disconnect and store the unit in a dry place if not in use for an extended period of time, or during freezing weather.
- Do not lift, carry or pull the decor by the power cord.
- Do not exceed the maximum voltage & wattage on transformer.

ASSEMBLING & USING YOUR PRODUCT

Unpack all components carefully. Check to ensure all parts have been removed from the packaging.

1. Place the Reindeer body on a smooth & level surface. Attach the Reindeer Head to the Reindeer Body by hooking the two metal hooks on the Head on to the neck wire frame of the Body. There are two sets of hooks, one on the top and one on the bottom of the neck.

2. Attach the Reindeer Horns the same as in step 1, with the posts going into the post holes.

3. Place your new Reindeer in a desired location and plug it into a local power supply.

4. Congratulations, your Reindeer is now complete.
 Relax and enjoy your new holiday decor

Alpine Quick Tip

For added stability, use the 4 included ground stakes to attach each of the Reindeers legs to the ground.

BULB AND FUSE REPLACEMENT

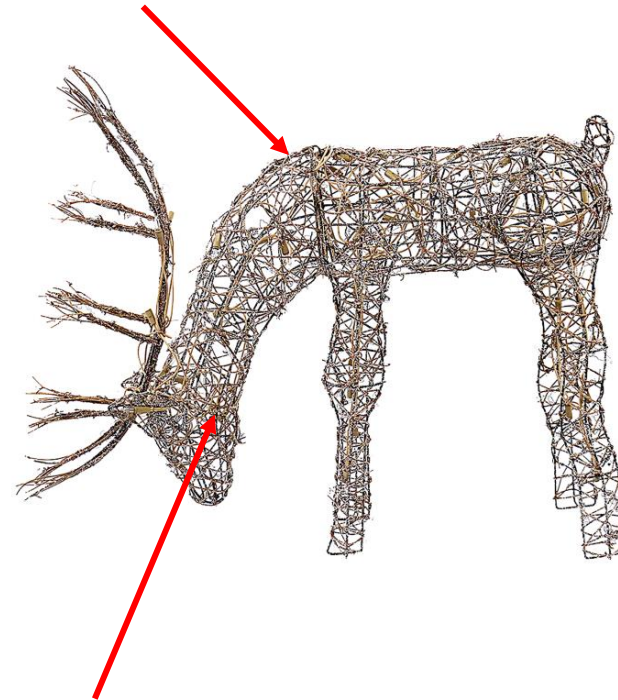

Your Reindeer is supplied with replacement light bulbs and a replacement fuse. **NOTE:** *Always unplug the lights before changing the bulbs or the fuse.*

To replace a light simply pull straight up on the plastic body. Do not pull on the glass or twist the bulb. Then push the new bulb straight in.
