*Guaranteed One-Coat Hide excludes ULTRA PURE WHITE®, colors outside of the BEHR DYNASTY & MARQUEE One-Coat Color Collection and all other interior and exterior colors that have not been included as one-coat hide from other BEHR palettes. Multiple coats required when: 1) Painting over uncoated, porous, heavily textured or repaired exterior surfaces. 2) Over woods that contain tannins such as redwood or cedar. 3) Applying over heavy stains, which may require spot priming, multiple coats, and/or longer dry time. Two coats are also recommended for optimal durability when painting exterior surfaces. †Darker colors may require additional dry time between coats. *A primer coat may be needed on some surfaces. See back label for details.

Cooler temperatures or higher humidity may prolong drying time. *Valid only when tinted to colors from the BEHR DYNASTY® specially curated Exterior Color Fade Protection Palette. Based on predictive lab testing with a color shift less than Delta E of 5 as measured by CieLAB. Two coats of BEHR DYNASTY Exterior Paint are recommended for optimal durability. Individual results may vary. See back label instructions for details and warranty limitations.
