

# VIVOHOME Electric Dual Blades Ice Crusher Shaver

## Product Specification:

- Material: Stainless Steel
- Voltage: 110V-120V
- Power: 300W
- Frequency: 50Hz-60Hz
- Rotation Speed: 2200rpm
- Crushing Capacity: 143 lbs/Per Hours

## Easily Assemble and Operate

Easy operation, put the ice cube into the barrel and press the hopper cover, it will shave ice without exhausting your arm. Blades stop turning automatically once the cover opened, absolutely safe for user.

## Premium Performance

Sturdy base is designed to improve working stability and minimize noise. Large plate is included to take out the shaved ice, and prevent the shaved ice from splashing everywhere.
