

Greenhouse Sheeting

Product Description & Installation Guide

1. Product Overview

Clear Greenhouse Plastic Sheeting is a heavy-duty transparent plastic film designed for greenhouse, garden, and outdoor plant protection applications. It provides excellent waterproof performance and UV resistance while allowing maximum light transmission to support healthy plant growth. This sheeting is ideal for both temporary and long-term greenhouse use.

2. Key Features

- **Heavy-Duty Construction:** Thick, durable material resists tearing and stretching for extended outdoor use.
- **Waterproof Protection:** Effectively blocks rain, snow, and moisture to keep plants dry.
- **UV Resistant:** Designed to withstand prolonged sun exposure and reduce material degradation.
- **High Light Transmission:** Clear surface allows optimal sunlight penetration for plant growth.
- **Flexible & Easy to Cut:** Can be trimmed to fit various greenhouse frames and structures.
- **Multi-Purpose Use:** Suitable for greenhouses, cold frames, plant nurseries, and seasonal protection.

3. Applications

- Garden Greenhouses
- Cold Frames and Plant Nurseries
- Raised Bed Covers
- Seasonal Frost and Weather Protection
- Temporary Outdoor Covers

4. Installation Instructions

1. **Measure and Cut:** Measure the greenhouse or frame dimensions and cut the plastic sheeting to size using scissors or a utility knife.
2. **Position the Sheeting:** Drape the plastic evenly over the greenhouse frame, leaving extra material around the edges for secure fastening.
3. **Secure the Sheeting:** Attach the sheeting using clips, fasteners, ropes, or battens. Avoid excessive tension.
4. **Seal the Edges:** Ensure all edges are properly sealed to prevent wind, rain, or cold air from entering.
5. **Final Check:** Inspect the installation for stability and reinforce any loose areas.

5. Use & Maintenance

- Periodically inspect the sheeting and fastening points, especially after strong winds.
- Avoid contact with sharp objects to prevent punctures or tears.
- Clean with mild soap and water if needed; do not use harsh chemicals.
- When not in use, remove, clean, and store in a cool, dry place.

6. Safety Notes

- This product is intended for covering and protection only and is not designed to support weight.
- Wear gloves during installation to avoid injury.
- Keep away from open flames and high heat sources.
