

Use and Care Manual for Beach Chair

Usage Guidelines

- **Seating:** Sit on the 15.7-inch-high seat and lean back against the ergonomic slanted backrest for support. Use the hard armrests to assist with standing, which is helpful for those with knee discomfort or seniors.
- **Storage:** Utilize the back pocket to store small items like sunglasses, keys, or sunscreen. Avoid overstuffing to prevent damage.
- **Weight Limit:** Do not exceed 300 lbs to maintain structural stability.

Care Instructions

- **Cleaning:** Wipe the tear-resistant Oxford cloth with a damp cloth to remove dirt or sand. Let it air dry fully before folding.
- **Frame Maintenance:** The steel pipe frame with a corrosion-resistant coating is suitable for outdoor use. Rinse with fresh water after exposure to saltwater or sand, then dry to avoid buildup.
- **Storage:** Empty the back pocket before folding. Fold to 30.9 x 21.8 x 2.1 inches as per instructions and store in a dry place. Avoid dragging on rough surfaces to protect the frame and fabric.
