TECHNICAL PARAMETERS

Product Name	LM-POQ100
Voltage	AC120V 60HZ
Power	140w
Spray Distance	3~4 m
Color	yellow
Product Size	590×440×1230mm

Operation method

- 1: Adjust the Angle knob and fix it;
- 2: Put the pump directly into the prepared foam bucket;
- 3: Power on; After the switch is pressed, the light is on, the fan starts, and the pump begins to foam after 20 seconds.
- 4: Shutdown: press the switch again, the pump stops working, 20 seconds after the fan stops working;
- 5: Disconnect the power supply after the fan is completely stopped, so as not to have water backflow burn the motor.

Foam powder

Color: White.

Ratio:1:200 ratio (one kilogram of foam powder can add 200 kilograms of water) stir evenly before use.

Maintenance

- 1: After using the machine, you must first turn off the machine water pump and stop working;
- 2: Put the water pump into the prepared clean water, press the machine angle to the lowest level, and make the machine head downward;
- 3: Turn on the water pump of the machine again until clean water comes out;

4: Wipe clean and store it.

Precautions

When preparing for operation: all "water pump switches" and "machine switches" must be turned off.

When cleaning: the "water pump switch must be turned off".

Please place the machine out of the reach of children.

Due to the high power of the fan, please do not reach out and touch the inside of the machine when the power is on. The power must be turned off.

Foam pastel color is not easy to clean, please take good care.

When the foam machine is working, please do not spray foam on your child's head.

If the foam gets into your eyes or mouth, please rinse with water immediately. If you feel uncomfortable, please seek medical treatment in time.
