

# PERGO®

## Defense+™

**WATERPROOF LAMINATE WOOD, LUXURY VINYL PLANK  
AND ENGINEERED WOOD FLOORING**  
WITH ANTIMICROBIAL PROPERTIES BUILT-IN TO PROTECT THE FLOOR

CLEAN. DURABLE. BEAUTY.

Only At

# Cleaner. Because you live on your floors.

Pergo® Defense+™ flooring is made to stay cleaner for people who really live on their floors; people like you. An advanced antimicrobial technology is built in to inhibit the growth of bacteria that can cause damage to your flooring. Combined with our waterproofing technology and superior scratch and scuff-resistance, this floor is guarded against everyday spills and accidents so that it can maintain that new look for life.

The antimicrobial properties do not protect users against bacteria, viruses, germs, or other disease organisms.

## Defends against spills, splashes and pet accidents.

Pergo® Defense+ waterproof floors provide a total waterproof solution. Ultra-tight locking joints keep spills on the surface instead of allowing them to seep through to cause damage to your floor. Liquids can easily be wiped up or allowed to evaporate. And when you're looking for a deep cleaning, you can use a wet mop. If you want to get that extra level of clean without the use of any chemicals, Pergo Defense+ is even approved for steam mopping!

### Hardworking solutions for every home.

High-heeled shoes, cat claws and dog paws, kids' art projects, kitchen spills — your home's flooring faces tough challenges every day. And whether you're looking for laminate wood, luxury vinyl or engineered wood, Pergo® Defense+™ flooring can take it. Pergo floors offer a variety of beautiful styles and colors with all the performance your family demands. They're waterproof, wear-proof, fade-proof and feature incredible stain and scratch-resistance. So go ahead — bring on the kids, the pets, the messes — our floors are designed for living!

# Floors made for active families.

IT'S CLEAN. IT'S WATERPROOF. IT'S DURABLE. PERGO® DEFENSE+™ STANDS UP TO YOUR LIFE, AND STAYS STRONG.

## Why Defense+™ protection?

With the product innovation built into Pergo Defense+, floors get an extra level of protection. Antimicrobial technology\* protects against harmful bacteria that may affect the floors.

That makes these floors easier to clean and keeps them cleaner for longer. And cleaning won't harm Defense+ floors. The technology will not wash off from proper care and cleaning.

So go ahead and live your best life without worries on your Pergo Defense+ flooring. They're easy to live on and easy to love.

\*The antimicrobial properties do not protect users against bacteria, viruses, germs, or other disease organisms

## Built for life.

PERGO® DEFENSE+™ LAMINATE WOOD FLOORS  
ARE BUILT BETTER, WITH A HIGH-PERFORMANCE  
WOOD CORE AND PERGO TECHNOLOGY.

### Exceptional Performance Surface Layer

This tough layer of aluminum oxide protects the surface of your flooring. With SpillProtect waterproofing technology and an antimicrobial additive to protect the floor, this overlay creates a wear, fade and stain proof plank that resists scratches and scuffs.

### Design Layer

Amazing realism and authentic character in the décor are coordinated with beautiful complementary textures in the surface layer.

### Premium HDF Core Board

A core of high-density wood fiberboard provides stability and dent resistance.

### Water-tight Joints

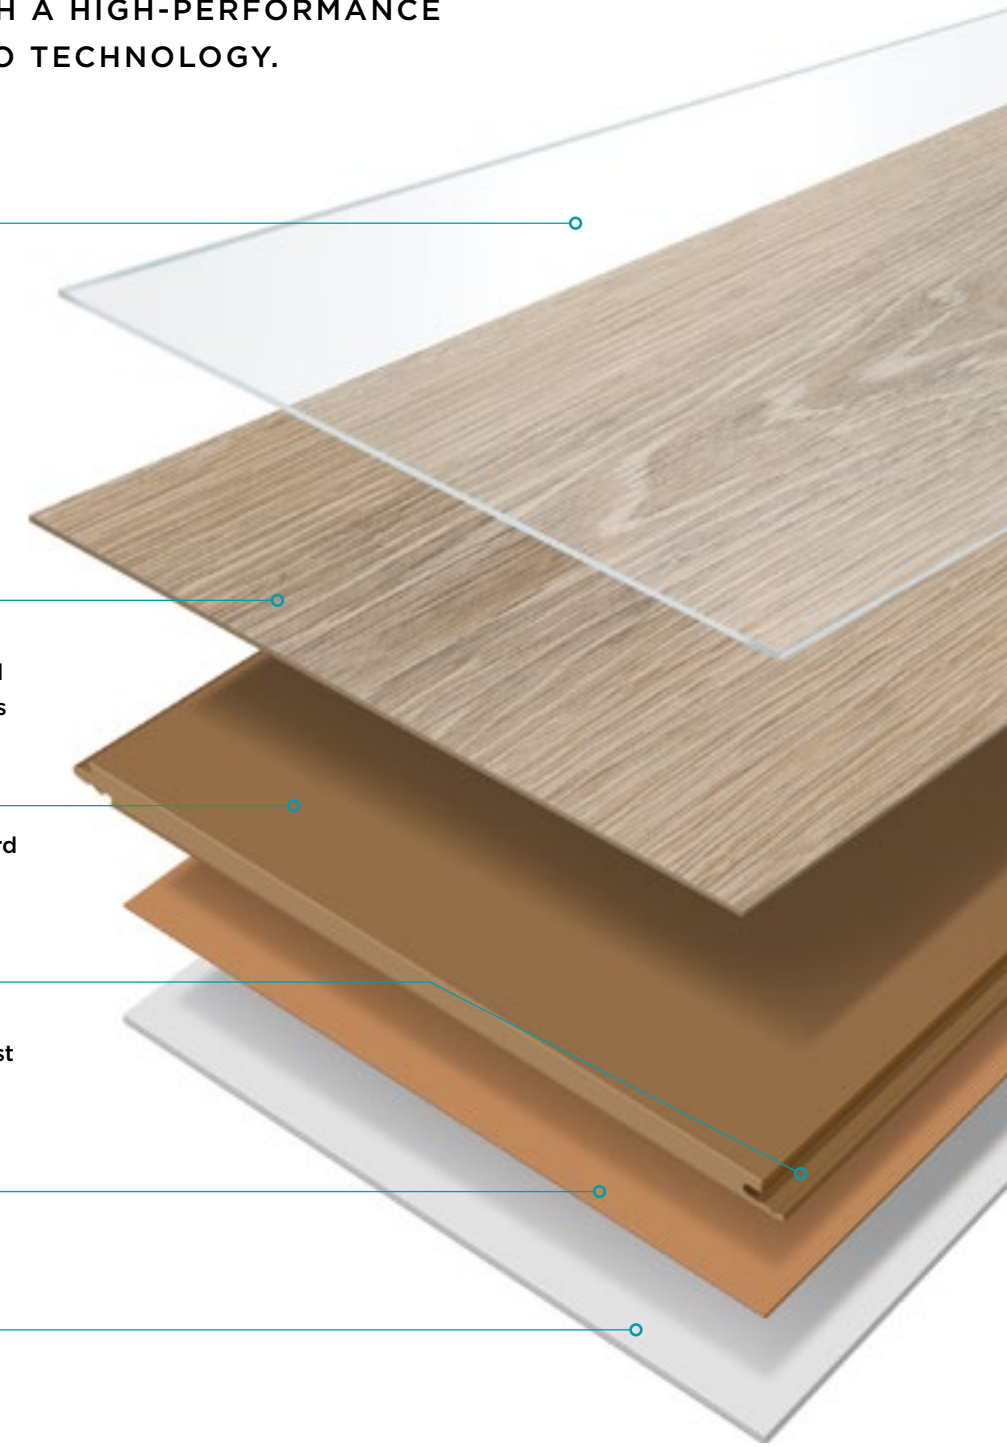

Precision milling and patented Uniclic® technology provide the tightest locking system of any hard surface flooring.

### Balancing Backing Layer

The balancing layer increases stability to prevent bowing or collapsing.

### Pre-Attached Underlayment

Creates a softer feel underfoot and makes installation even easier.
