### Top Tips for How to Deodorize Your House

- Open doors and windows to create a draft through your home. This breeze will take a lot of those smells right out the door with it.
- Sunshine can help kill a bad mood and bacteria, so open those curtains and let sun shine through your home.
- Grab some small bowls filled with baking soda to pop in rooms and wardrobes. This is a DIY home deodorizer that traps nasty smells.
- Deodorize your house by airing out your home if you've cooked something that's left a lingering smell.
- Once a year wash curtains, carpets and upholstery.
- Don't leave stinky clothes lying around. Get your favorite Gain laundry detergent and Gain Fireworks scent boosters. and get your dirty laundry washed, dried and packed away.
