

Warranty

Trim-A-Slab is currently warranted for up to 10 years. Trim-A-Slab will not crack, get brittle, or be adversely affected by heat, cold or moisture typical for a driveway anywhere in the US. Trim-A-Slab has been used successfully from Minnesota to Florida. Color retention is warranted for 5years. As shown below, Trim-A-Slab will get dirty and show tire marks, just like concrete. These can be cleaned with soap and water. Trim-A-Slab can also be cleaned with a bleach solution, but do not use solvents such as MEK or acetone, as these solvents will soften PVC
