# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

## **SECTION 1: Identification**

#### 1.1 Product identifier

Trade name DRYLOK Extreme Basement & Masonry

Waterproofer (White)

Alternative number(s) 28612; UFI: FS2M-G7N1-X80J-9QNP

28613; UFI: KCCM-37NR-K801-FUX4 28615; UFI: 3HWM-A7Q4-U801-R4G1

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses Waterproofing sealers

Concrete masonry paint, coating and lacquer paint related material

## 1.3 Details of the supplier of the safety data sheet

United Gilsonite Laboratories, Inc. 1396 Jefferson Avenue Dunmore PA 18509 United States

Telephone: +1 (570) 344-1202 Telefax: (570) 969-7634 e-mail: sales@ugl.com

Website: http://www.ugl.com/

e-mail (competent person) nicholas.shaffmaster@ugl.com (Nicholas Shaff-

master)

1.4 Emergency telephone number

Emergency information service 1-800-424-9300 Chemtrec (NORTH AMERICA)

Emergency telephone number: outside office

hours

## SECTION 2: Hazard(s) identification

### 2.1 Classification of the substance or mixture

Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

| Section | Hazard class           | Category | Hazard class and cat-<br>egory | Hazard state-<br>ment |
|---------|------------------------|----------|--------------------------------|-----------------------|
| A.4S    | skin sensitization     | 1        | Skin Sens. 1                   | H317                  |
| A.5     | germ cell mutagenicity | 1B       | Muta. 1B                       | H340                  |
| A.6     | carcinogenicity        | 1A       | Carc. 1A                       | H350                  |
| A.7     | reproductive toxicity  | 1B       | Repr. 1B                       | H360D                 |

For full text of abbreviations: see SECTION 16.

#### 2.2 Label elements

Labelling acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

- Signal word danger

United States: en Page: 1 / 18

acc. to 29 CFR 1910.1200 App D

# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

### - Pictograms

GHS07, GHS08

#### - Hazard statements

H317 May cause an allergic skin reaction.

H340 May cause genetic defects.

H350 May cause cancer.

H360D May damage the unborn child.

#### - Precautionary statements

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

P201 Obtain special instructions before use.

P261 Avoid breathing dust/fume/gas/mist/vapors/spray.

P272 Contaminated work clothing must not be allowed out of the workplace.
P280 Wear protective gloves/protective clothing/eye protection/face protection.

P302+P352 If on skin: Wash with plenty of water.

P308+P313 If exposed or concerned: Get medical advice/attention.

P321 Specific treatment (see on this label).

P333+P313 If skin irritation or rash occurs: Get medical advice/attention.

P363 Wash contaminated clothing before reuse.

P405 Store locked up.

P501 Dispose of contents/container to industrial combustion plant.

- Hazardous ingredients for labelling

Quartz (SiO2), 2-methylpropane, Zinc(2+) bis(2-sulfanylidene-1,2-dihydropyridin-1-olate), Reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one [EC no. 247-500-7]and 2-methyl-2H-isothiazol-3-one [EC no. 220-239-6] (3:1), 1,2-benziso-

thiazol-3(2H)-one

#### 2.3 Other hazards

Hazards not otherwise classified

Very toxic to aquatic life with long lasting effects (GHS category 1: aquatic toxicity - acute and/or chronic).

#### **SECTION 3: Composition/information on ingredients**

### 3.1 Substances

Not relevant (mixture)

#### 3.2 Mixtures

Description of the mixture

| Name of substance                       | Identifier           | Wt%        | Classification acc. to GHS |

#### **SECTION 4: First-aid measures**

## 4.1 Description of first-aid measures

#### General notes

Do not leave affected person unattended. Remove victim out of the danger area. Keep affected person warm, still and covered. Take off immediately all contaminated clothing. In all cases of doubt, or when symptoms persist, seek medical advice. In case of unconsciousness place person in the recovery position. Never give anything by mouth.

#### Following inhalation

If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. Provide fresh air.

#### Following skin contact

Wash with plenty of soap and water.

## Following eye contact

Remove contact lenses, if present and easy to do. Continue rinsing. Irrigate copiously with clean, fresh water for at least 10 minutes, holding the eyelids apart.

#### Following ingestion

Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms and effects are not known to date.

## 4.3 Indication of any immediate medical attention and special treatment needed

none

United States: en Page: 3 / 18

acc. to 29 CFR 1910.1200 App D

# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

## **SECTION 5: Fire-fighting measures**

### 5.1 Extinguishing media

Suitable extinguishing media

Water spray, BC-powder, Carbon dioxide (CO2)

Unsuitable extinguishing media

Water jet

### 5.2 Special hazards arising from the substance or mixture

Hazardous combustion products

Nitrogen oxides (NOx), Carbon monoxide (CO), Carbon dioxide (CO2)

### 5.3 Advice for firefighters

In case of fire and/or explosion do not breathe fumes. Coordinate firefighting measures to the fire surroundings. Do not allow firefighting water to enter drains or water courses. Collect contaminated firefighting water separately. Fight fire with normal precautions from a reasonable distance.

# **SECTION 6: Accidental release measures**

### 6.1 Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Remove persons to safety.

For emergency responders

Wear breathing apparatus if exposed to vapors/dust/aerosols/gases.

### 6.2 Environmental precautions

Keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it. If substance has entered a water course or sewer, inform the responsible authority.

#### 6.3 Methods and material for containment and cleaning up

Advice on how to contain a spill

Covering of drains

Advice on how to clean up a spill

Wipe up with absorbent material (e.g. cloth, fleece). Collect spillage: sawdust, kieselgur (diatomite), sand, universal binder

Appropriate containment techniques

Use of adsorbent materials.

Other information relating to spills and releases

Place in appropriate containers for disposal. Ventilate affected area.

#### 6.4 Reference to other sections

Hazardous combustion products: see section 5. Personal protective equipment: see section 8. Incompatible materials: see section 10. Disposal considerations: see section 13.

United States: en Page: 4 / 18

acc. to 29 CFR 1910.1200 App D

# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

## **SECTION 7: Handling and storage**

### 7.1 Precautions for safe handling

Recommendations

- Measures to prevent fire as well as aerosol and dust generation Use local and general ventilation. Use only in well-ventilated areas.

Advice on general occupational hygiene

Wash hands after use. Do not eat, drink and smoke in work areas. Remove contaminated clothing and protective equipment before entering eating areas. Never keep food or drink in the vicinity of chemicals. Never place chemicals in containers that are normally used for food or drink. Keep away from food, drink and animal feedingstuffs.

## 7.2 Conditions for safe storage, including any incompatibilities

Control of the effects

Protect against external exposure, such as

frost

- Packaging compatibilities

Only packagings which are approved (e.g. acc. to the Dangerous Goods Regulations) may be used.

# 7.3 Specific end use(s)

See section 16 for a general overview.

## SECTION 8: Exposure controls/personal protection

#### 8.1 Control parameters

Occupational exposure limit values (Workplace Exposure Limits)

Notation

NIOSH Potential Occupational Carcinogen (Appendix A) аррх-А see Appendix D - Substances with No Established RELs appx-D

Ceiling-C ceiling value is a limit value above which exposure should not occur

dust as dust explosive inhalable fraction

lowest exposure by all routes should be carefully controlled to levels as low as possible

noAsb\_less1 contains no asbestos and less than 1% free crystalline silica Sil

respirable fraction

STEL short-term exposure limit: a limit value above which exposure should not occur and which is related to a 15-minute peri-

od (unless otherwise specified)

time-weighted average (long-term exposure limit): measured or calculated in relation to a reference period of 8 hours time-weighted average (unless otherwise specified TWA

#### 8.2 **Exposure controls**

Appropriate engineering controls

General ventilation.

Individual protection measures (personal protective equipment)

Eye/face protection

Wear eye/face protection.

Skin protection

- Hand protection

Wear suitable gloves. Chemical protection gloves are suitable, which are tested according to EN 374. Check leaktightness/impermeability prior to use. In the case of wanting to use the gloves again, clean them before taking off and air them well. For special purposes, it is recommended to check the resistance to chemicals of the protective gloves mentioned above together with the supplier of these gloves.

- Other protection measures

Take recovery periods for skin regeneration. Preventive skin protection (barrier creams/ointments) is recommended. Wash hands thoroughly after handling.

# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

## Respiratory protection

In case of inadequate ventilation wear respiratory protection.

### Environmental exposure controls

Use appropriate container to avoid environmental contamination. Keep away from drains, surface and ground water.

# **SECTION 9: Physical and chemical properties**

# 9.1 Information on basic physical and chemical properties

## **Appearance**

| Physical state | liquid                |
|----------------|-----------------------|
| Color          | white                 |
| Particle       | not relevant (liquid) |
| Odor           | like ammonia          |

# Other safety parameters

| pH (value)                              | 9 (25 °C)             |
|---|-----------------------|
| Melting point/freezing point            | not determined        |
| Initial boiling point and boiling range | 193 °C at 760 mmHg    |
| Flash point                             | not determined        |
| Evaporation rate                        | not determined        |
| Flammability (solid, gas)               | not relevant, (fluid) |

## **Explosive limits**

| - Lower explosion limit (LEL) | 0.6 vol%                                     |
|-------------------------------|--|

# **SECTION 10: Stability and reactivity**

### 10.1 Reactivity

Concerning incompatibility: see below "Conditions to avoid" and "Incompatible materials".

#### 10.2 Chemical stability

See below "Conditions to avoid".

#### 10.3 Possibility of hazardous reactions

No known hazardous reactions.

#### 10.4 Conditions to avoid

There are no specific conditions known which have to be avoided.

### 10.5 Incompatible materials

Oxidizers

#### 10.6 Hazardous decomposition products

Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known. Hazardous combustion products: see section 5.

## **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

Test data are not available for the complete mixture.

Classification procedure

The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

#### Classification acc. to OSHA "Hazard Communication Standard" (29 CFR 1910.1200)

Acute toxicity

Shall not be classified as acutely toxic.

#### Acute toxicity estimate (ATE) of components of the mixture

| Name of substance  | CAS No     | Exposure route        | ATE                                     |
|--|------------|-----------------------|---|
| Aluminium oxide  | 1344-28-1  | inhalation: vapor     | 3 <sup>mg</sup> / <sub>l</sub> /4h      |

#### Skin corrosion/irritation

Shall not be classified as corrosive/irritant to skin.

#### Serious eye damage/eye irritation

Shall not be classified as seriously damaging to the eye or eye irritant.

#### Respiratory or skin sensitization

May cause an allergic skin reaction.

### Germ cell mutagenicity

May cause genetic defects.

## Carcinogenicity

May cause cancer.

## IARC Monographs on the Evaluation of Carcinogenic Risks to Humans

| Name of substance | CAS No     | Classification | Number |
|-------------------|------------|----------------|--------|
| Quartz (SiO2)     | 14808-60-7 | 1              |        |

### **SECTION 13: Disposal considerations**

#### 13.1 Waste treatment methods

Sewage disposal-relevant information

Do not empty into drains. Avoid release to the environment. Refer to special instructions/safety data sheets.

Waste treatment of containers/packages

Only packagings which are approved (e.g. acc. to DOT) may be used. Completely emptied packages can be recycled. Handle contaminated packages in the same way as the substance itself.

#### **Remarks**

Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

### 15.2 Chemical Safety Assessment

Chemical safety assessments for substances in this mixture were not carried out.

#### SECTION 16: Other information, including date of preparation or last revision

#### Indication of changes (revised safety data sheet)

| Section | Former entry (text/value) | Actual entry (text/value)   | Safety-rel-<br>evant |
|---------|---------------------------|---|----------------------|
| 8.1     |                           | Occupational exposure limit values (Workplace Exposure Limits): change in the listing (table) | yes                  |

# Key literature references and sources for data

OSHA Hazard Communication Standard (HCS), 29 CFR 1910.1200.

Transport of dangerous goods by road or rail (49 CFR US DOT). International Maritime Dangerous Goods Code (IMDG). Dangerous Goods Regulations (DGR) for the air transport (IATA).

#### Classification procedure

Physical and chemical properties: The classification is based on tested mixture. Health hazards, Environmental hazards: The method for classification of the mixture is based on ingredients of the mixture (additivity formula).

## List of relevant phrases (code and full text as stated in section 2 and 3)

| Code | Text  |
|------|---|
| H220 | Extremely flammable gas.                            |
| H280 | Contains gas under pressure; may explode if heated. |
| H302 | Harmful if swallowed.                               |
| H311 | Toxic in contact with skin.                         |
| H314 | Causes severe skin burns and eye damage.            |

United States: en Page: 17 / 18

# **DRYLOK Extreme Basement & Masonry Waterproofer (White)**

Version number: REV 3.1 Revision: 2022-05-04 Replaces version of: 2021-10-05 (REV 2)

| Code  | Text  |
|-------|---|
| H315  | Causes skin irritation.   |
| H317  | May cause an allergic skin reaction.                            |
| H318  | Causes serious eye damage.                                      |
| H330  | Fatal if inhaled.   |
| H331  | Toxic if inhaled.   |
| H332  | Harmful if inhaled.   |
| H340  | May cause genetic defects.                                      |
| H350  | May cause cancer.   |
| H351  | Suspected of causing cancer.                                    |
| H360D | May damage the unborn child.                                    |
| H361d | Suspected of damaging the unborn child.                         |
| H372  | Causes damage to organs through prolonged or repeated exposure. |
