Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

Dragon Tree

Dracaena species

Dracaena is a beautiful house plant that is simple to care for. It is an amazing plant to have in your home because it will make your green space lush and healthy.

Indoor plant

65°–75°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the tape and coir that is in place over the soil. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy for beginners and a great starter plant!

☀ Light

Moderate, indirect light.

💧 Water

Water well and then allow the soil to dry out between each watering.

🐱 Pets

Toxic for pets.

Impress your friends with this cool fact

The name dracaena is derived from the romanized form of the Ancient Greek δράκαινα - drakaina, "female dragon".
