Use and Maintenance Guide

Please retain this Guide for future usage and read carefully before assembly.

Make sure you have all the parts & hardware as item list shows.

I. Introduction:

Gazebos serve as charming outdoor structures that provide shelter and a serene ambiance for various activities. Whether you use it for gatherings, relaxation, or as a focal point in your garden, proper maintenance ensures longevity and continued enjoyment.

This guide outlines essential instructions for the optimal use and maintenance of your gazebo.

II. Assembly and Installation:

2 adults or more are recommended to install your gazebo.

Do not discard any of the packaging until you have checked that you have all the parts and pack of fittings.

Some parts might have **sharp edges/corners**. Please follow basic safety precautions to reduce the risk of hurts.

Prepare the Site:

Select a flat, level surface for installation, free from debris and obstructions.

Secure the Structure:

Ensure all components are securely fastened according to the instructions, including anchoring it firmly to the ground to prevent tipping or displacement.

Use and Maintenance Guide

III. Regular Maintenance:

Cleaning:

Regularly clean the gazebo to remove dirt, dust, and debris.

Use a mild detergent and water solution to clean the curtains, then wait for them to thoroughly dry.

Important Note:

When washing, do not use steam heating or water temperatures exceeding 100 degrees Fahrenheit. Do not use bleach. Do not use solvents. Do not use chlorine-containing cleaners.

Inspect for Damage:

Routinely inspect the structure for signs of wear, such as loose screws. Promptly repair any damage to prevent further deterioration.

Rust Prevention:

Apply a rust-resistant coating or paint to the metal frame as needed to prevent corrosion and maintain its appearance.

Safety Hazards:

When snow accumulates too heavily during the winter, please clear it promptly to prevent exceeding the roof's weight limit and to avoid safety issues such as collapse.
