

HOW TO CARE FOR AND MAINTAIN YOUR LUMISOURCE ITEMS:

- Never use glass cleaner or harsh and abrasive household cleaning chemicals.
- Never attempt to open or repair electric items. Contact certified electrician.

● Acrylic Items

Do not place in direct sunlight

Wipe only with clean cotton cloth
or acrylic rubbing compound

● Upholstered Items

Do not wash with soap or cleanser

Dab clean with damp cotton cloth

● Chrome / Polished Stainless Steel Items

Wipe only with clean cotton cloth

● Brushed Stainless Steel

For minor scratches, use steel wool to gently scuff out markings

● Wood Veneer

Never apply wood polish directly onto wood surface

Always apply to a clean, dry cloth, then wipe and polish wood surface
