

Ready to Assemble

Means you save with Heartland.

one

Unpack and check contents for any missing or damaged parts. Review instructions. Any replacement parts can be shipped within 48 hours.

two

Assemble individual cabinets. Only a screwdriver, hammer and wood glue are required for cabinet assembly. The additional tools needed to install cabinets are listed on the back of the brochure.

three

Measure for base cabinets, mark the walls, then hang the wall cabinets using Heartland's EZ Hang™ System. Set base cabinets in place.

four

Install the countertops and decorative hardware of your choice and enjoy!
