

# COBRA®

## Skinny Snake

The latest addition to our line of augers.

### Features

- Strong, polymer constructed housing
- Manually operated with 1/8" diameter high carbon wire cable - 10 ft. long
- Integrated handle
- Bores through clogs

### Benefits

- Durable, corrosion resistant housing
- Easy to use - Easy to operate by manually rotating the housing using the handle or finger grips
- Generous handle opening to help with grip and leverage
- Cable moves through and around most sink and tub strainers
- Cable length ideal to reach tub and shower clogs
- Cable stores neatly in housing
