Enhance motivation and efficiency, make it easy to get rid of seaweed

- Q: What type of boat is this product suitable for?

A: This product is suitable for leisure fishing, aquaculture, and other activities on inland rivers and nearshore waters. Suitable for use with small and medium-sized boats such as rubber boats, wooden boats, and fishing boats with a length of 2.3-4.3 meters (the larger the boat, the slower the speed).
- Q: How about the driving conditions?

A: The average speed is about 6.5 km/h, varied according to the problems of boats and streams.
- Q: Which type of battery is recommended?

A: 12V 60Ah deep cycle lead acid batteries or lithium batteries.
