## Large Weed Barrier

The weed matting for garden measures 6.5x330 ft, large enough to cover 2145 square feet. As a result, you will not worry about your plants being disturbed by pesky weeds. In addition, excellent tear-proof and easily cut performance will provide you with high convenience.

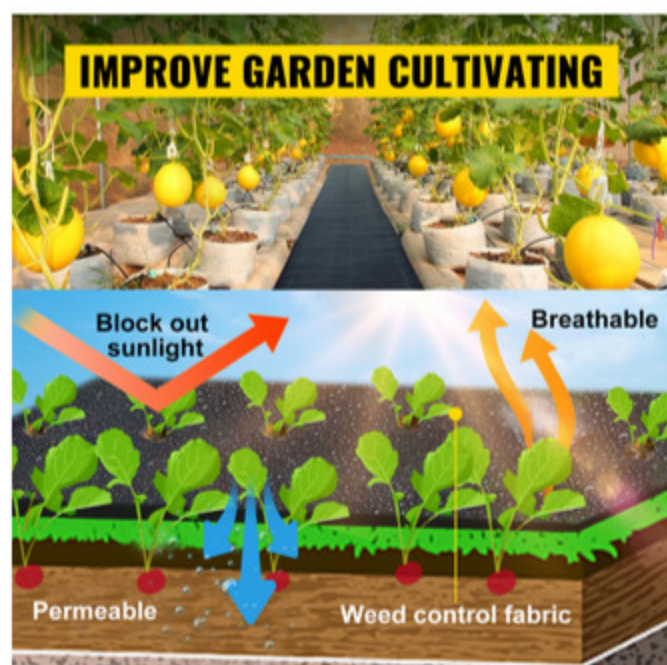

## Soil-friendly Polypropylene

The garden weed barrier is composed of high-quality woven polypropylene fabric, high density in 3oz, which is weatherproof, lightweight, and corrosion-proof can last for a long time uses.

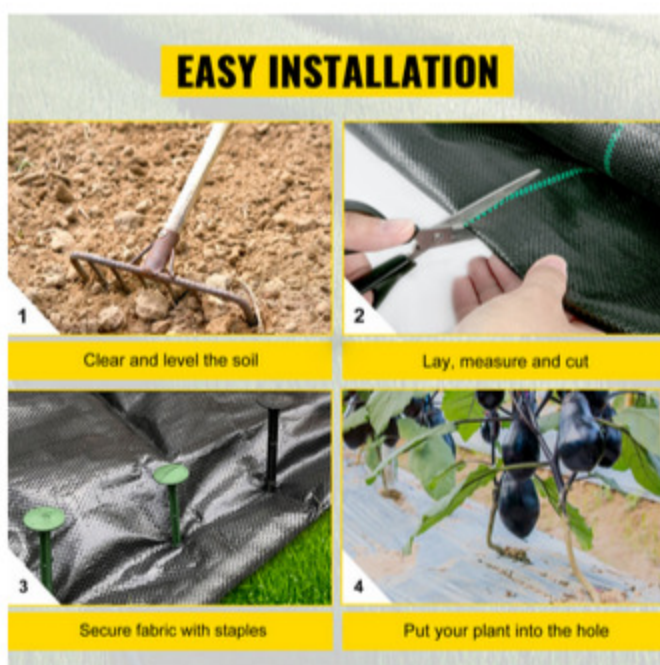

## Excellent Permeability

Our weed blocker is designed to let air and water through; thus, it can conserve your soil's humidity, saving your water time but keeping water not being puddled on the top of the fabric.

## Improve Soil Value

The landscaping fabric can maintain the soil humidity and improve the soil temperature, accelerating the decomposition of soil organic matter, stopping weeds from growing, and boosting your plants to multiply.

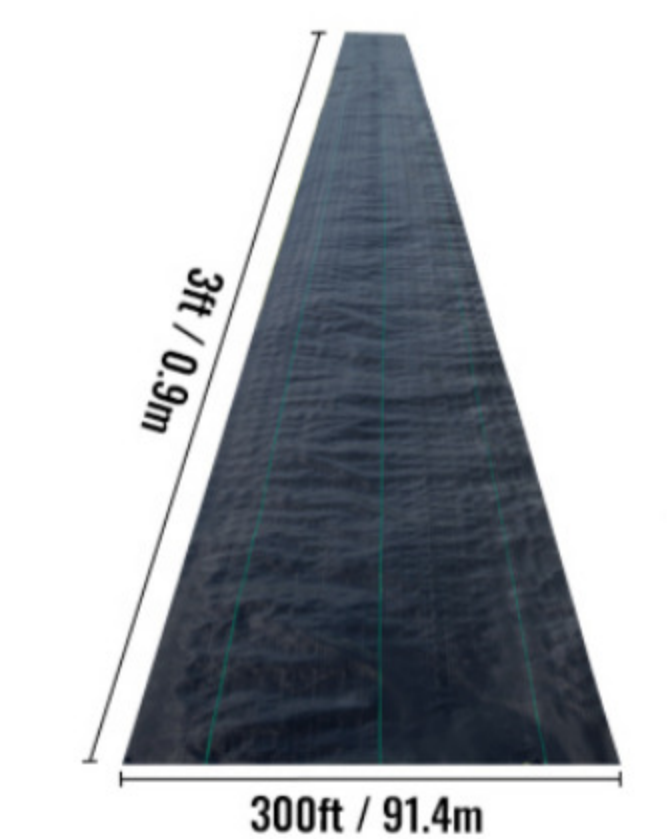

## Easy to DIY

A legible green line is convenient for you to cut and layout your plants. Just unroll it, cut, and fix it to the desired area. Please secure ground cover weed barrier with staples for a better weed control effect (need to buy separately).

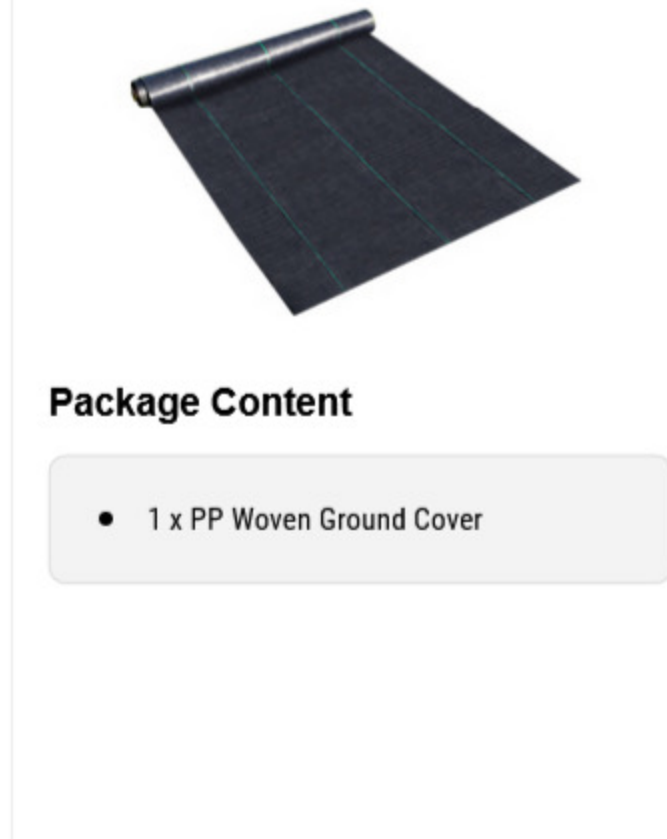

## Widely Used

Our weed control fabric works great as an underlayer for the greenhouse, vegetable patch, ground cover, patio garden, driveway, gravel walkway, road stabilization, drainage installations, rip rap & retaining walls, etc.
