

ZWILLING® Motion Ceramic Cookware

Our bestselling aluminum cookware—now with a non-toxic ceramic coating.

ZWILLING Motion Ceramic nonstick cookware merges the best of Italian design with expert German engineering. Enjoy the high performance of heavy-gauge, hard-anodized aluminum with the convenience of a slick ceramic nonstick coating. Inspired by the elegance of Italian architecture, ZWILLING Motion Ceramic blends quality craftsmanship with modern innovation. Crafted with thoughtful, streamlined details, Motion cookware delivers exceptional performance that lasts.

The Ceraforce ceramic nonstick coating is a revolutionary coating designed with responsible materials and is made without the use of PFAS, PFOA, PTFE, lead, and cadmium. The innovative nonstick technology minimizes the need for cooking oil so you can create healthier meals.

The durable, heavy-gauge, hard-anodized aluminum construction delivers even heat distribution for exceptional cooking performance. The double-rivet stay-cool handles are designed for easy maneuverability and perfect balance. Dishwasher safe, ZWILLING Motion Ceramic is also easy to clean, making this simple-to-use cookware a pleasure to cook with.

FEATURES AND BENEFITS

- Non-toxic Ceraforce ceramic nonstick coating is made without the use of PFAS, PFOA, PTFE, lead, and cadmium
