

## Corian® Solid Surface:

- Non-porous
- Seamless – no grout, can be used for cove backsplashes
- Beautiful, stone-like looks (the beauty of stone, with the benefits of solid surface)
- Unlimited design potential
- Easy to clean and maintain
- No rims to catch dirt
- Repairable and renewable

## Seamless & Smooth

- Integrates into sinks seamlessly
- Only traditional material that's thermoformable, it can be heated and bent into shape, to cover any size surface with no visible seams
- Ideal for Cove Backsplashes

## Taking Care of What's Most Precious to Us

The same surfaces that hospitals around the world rely on are available in warm and on-trend aesthetics for the home. Keeping surfaces clean is an important part of having a healthy home, and Corian® Solid Surface is non-porous which means liquids can't penetrate the surface. Additionally, because Corian® Solid Surface can be fabricated seamlessly, there are no rims to trap dirt or bacteria.

## The Power of 3 – Non-Porous, Seamless, Low VOC

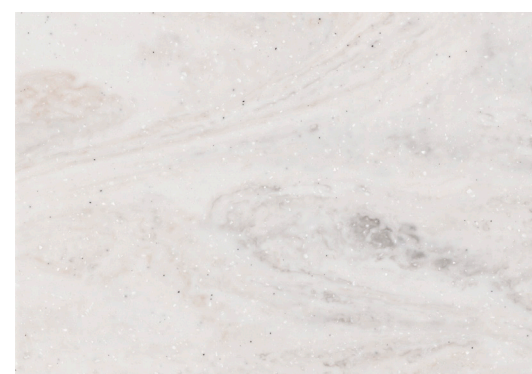

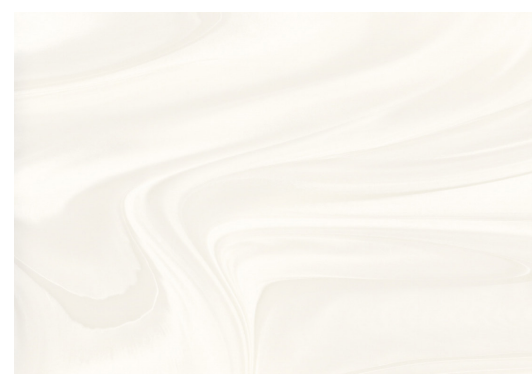

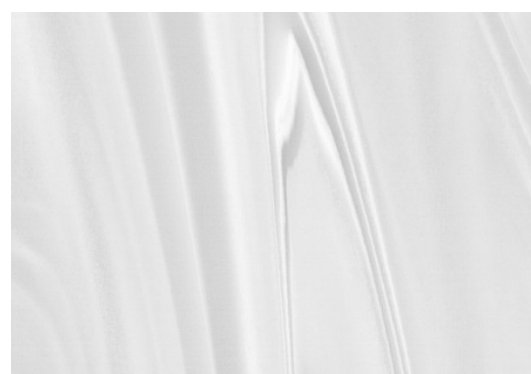

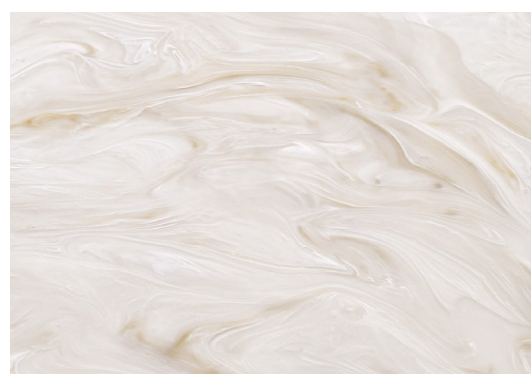

The leading provider in the only material category that can deliver all 3 features which are critical to keeping surfaces clean. Corian® Solid Surface is GREENGUARD Gold certified, which means it contributes to indoor air quality and can be trusted for even the most vulnerable populations.

## Repairable and Renewable

- Long-life cycle and reparability reduces waste generated from frequent replacement
- Solid and homogeneous all the way through
- Most damage can be easily repaired on site to restore the original, smooth, hygienic solid surface integrity
