OPERATION**

Intelligent Cooling

Our unit optimizes efficient cooling by intelligently minimizing motor use and power consumption. This results in improved cooling, less noise, and less energy usage, benefiting not just your home's comfort but also your electric bill.

POWERFUL COOLING

DEHUMIDIFICATION

AIR FLOW

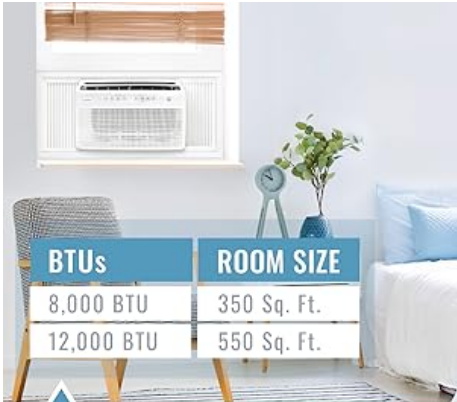

SUPPLEMENTAL HEAT

Maximum Comfort

Keeping your home cool and dry has never been easier. With our unit's efficient built-in dehumidification system, moisture is removed every hour so you can enjoy the perfect balance between temperature and humidity.

BTUs	ROOM SIZE
8,000 BTU	350 Sq. Ft.
12,000 BTU	550 Sq. Ft.

ROOM SIZE GUIDE

There's a unit for any size room you may have. The larger the room, the higher the number of BTUs necessary to cool it. To find the perfect size, measure the room length by the room width.
