

DESCRIPTION

KOM U round back valve is especially designed to prevent backdraft. The spring loaded backdraft damper is manufactured of galvanized steel and contains rubber seal. KOM U back valve easily fits into ventilation ducts using minimal labor and time. The required airflow is horizontal.

SUITABLE FOR:

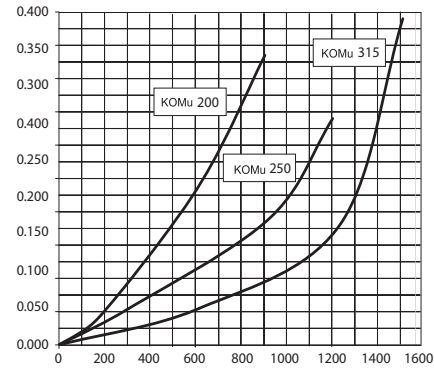

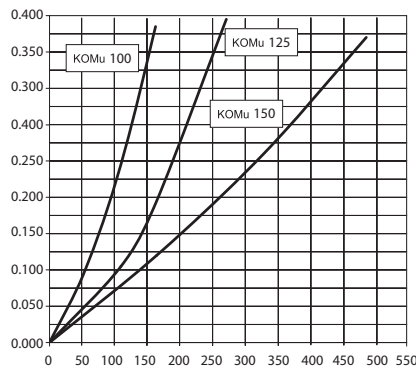

Residential and Commercial applications

DIMENSIONS

Model	Measurements [in.]	
	Ø D	L
KOM U 100	3 7/8"	3 1/8"
KOM U 125	4 7/8"	3 15/16"
KOM U 150	5 7/8"	4 1/2"
KOM U 200	7 13/16"	5 11/16"
KOM U 250	9 13/16"	6 1/2"
KOM U 315	12 3/8"	7 1/2"
