## Why Choose Retractable Screens?

Retractable screens roll up, allowing you to drive your vehicle in and out of the garage with ease. This feature is created by the zipper arrangement. This package includes the rope and pull kit, which includes everything you need for a convenient pulley system.

*Did you know retractable screens can be used in commercial locations?*

Commercial warehouses, transportation companies, hotels and other businesses can use retractable screens to help protect their vehicle storage areas.

## TESTIMONIES

*"Cools down my garage on summer evenings without getting bugs or leaves inside."*

**HOME DEPOT CUSTOMER, 2020**

*"It's exactly what I thought it would be, it neither exceeds or below my expectations. I read several reviews and the price was fair. Quick and easy installation. Since my garage trim is cedar, I stapled the 'velcro' strips in addition to the adhesive although I was very surprised at how well it stuck to the cedar."*

**HOME DEPOT CUSTOMER, 2018**

## Imagine The Difference

*How much time do you spend in your garage? How about your porch or patio?*

Imagine how you want to use these spaces. These areas can do more than provide storage as you pass by.

Add a Fresh Air Screen to do **MORE!** Entertain guests, host parties, focus on your craft, or sit back and enjoy the fresh air.

**Turn your space into:**

- ◆ Workshops
- ◆ Gym rooms
- ◆ Guest and Party Rooms
- ◆ Den/Bonus Rooms
- ◆ Home Offices
- ◆ TV and Entertainment Rooms
- ◆ Game Rooms
