

PIPE DECOR

YOUR PIPE FURNITURE IS STRONG AND INDUSTRIAL, BUT STILL MADE OUT OF STEEL AND COULD BE PRONE TO RUSTING. HELP YOUR FURNITURE LIVE ITS FULLEST LIFE BY CLEANING AND SEALING IT.

HOW TO CLEAN AND SEAL

IMPORTANT: Pipe Décor only delivers industrial grade black pipes and fittings. During manufacturing they are coated with rust preventive grease. We recommend cleaning your pipe decor for use within your home and sealing them to prevent rust.

Recommended Supplies: Regular De-greasing Dish Soap Or Clorox Wipes/cleaning wipes. Gloves are optional.

1. In your kitchen or utility sink wash your pipe decor pieces with warm water and dish soap lightly until the oil is removed.
2. Wipe the clean pipe dry with a wash cloth and wait until completely dry.

Recommended Supplies: Polyurethane Clear Semi Gloss, Enamel Spray Paint, or Minwax Finishing Wax.

- 3A. Spray each dry pipe and fitting with a polyurethane matte or satin finish. Wait until dry to assemble kit.
- 3B. Coat each piece dry piece with a finishing wax. Wait 20 minutes until dry. Polish with a wash cloth by wiping them down. The faster you wipe the shinier the finish.

We take pride in our customer service and your satisfaction is very important to us. If you have any questions or problems please contact us at help@jsupplies.com.
