Assembly Steps

Parts Introduction

This product has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the product parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Take out the Chair Backrest(A) from the Chair Base with Footrest(B).

Take out the small carton box and open it to take out the Power Cord with transformer (C).

With assistance from your adult partner, hold up the fully assembled Chair Backrest(A), standing behind the Recliner Chair. Insert the small metal arms on the sides of the Chair Backrest(A) into the prefabricated slide lock gadget on the Chair Base with Footrest(B) as shown above. Firmly but gently, push the Chair Backrest(A) downwards until the Backrest(A) is fully slotted and locked into position.

Go to find the motor connector under the bottom of the seat. Connect the joint from the motor and the Power Cord(C) , fix the draw-ingear after connected.

Smooth down the fabric flap on the Chair Backrest(A). Run your hands down both sides of the flap, from top to bottom, allowing the velcro tape to adhere to the flap under the seat of the Chair.

Step 6

Make sure all parts are connected and securely locked into position.
Plug into a socket into position on the wall or any other place.
Now your Recliner Chair is ready for use.

Step 7

Disassembly Note:open the flap on the Chair Backrest(A),use a screwdriver(Don't use fingers) pressing outward on the metal ear on the preattached Metal Bracket on one side of the Chair Base(B),with assistance of you adult partner to keep the Chair Base(B) in place,pull out the Chair Backrest(A) upward at the same time,repeat the same step for another side.Then the Chair Backrest(A) can be taken out.

Step 8

Force apart the draw-ingear , then separate the joint from the motor and Power Cord(C).

User Instructions.

Questions & Answers about Proposition 65

• What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm.

These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

• What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle

• What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

• Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
