

# SUCCULENT

*Assorted*

---

DIFFICULTY

## OVERVIEW

Features a set of two ceramic pots with live succulents from our unique collection. Very low maintenance. Can be grown outdoors in Zones 9-11, keep indoors in other zones. Makes a great gift or desk accessory. Ships as a set in our custom protective packaging. Comes rooted in a 4-inch nursery pot that drops into our mini decorative ceramic pots.

## WATER

Drought tolerant. Water only when soil is completely dry. Avoid overwatering.

## LIGHT

Indirect or partial sun. Will survive under fluorescent lights.

## SOIL

Requires a well-draining soil. Very low maintenance. Will withstand some neglect.
