PRODUCT IDENTITY

Item Name: Hunter PGJ-04 ½" Rotor

Item Number: RTL2001PGJ04

PRODUCT OVERVIEW

The highly durable and reliable Hunter PGJ rotary sprinkler offers all the benefits of a large rotor in a compact, spray-sized package, with a pop-up height of 4" and a pre-installed 2.0 GPM nozzle that maximizes water efficiency. The PGJ offers easy arc adjustment and a rubber cover for safety.

- Water-efficient, factory-installed 2.0 GPM nozzle speeds up installation
- Fully adjustable 40° to 360° arc offers optimal coverage in a range of landscapes
- Easily fine-tune the watering distance to site needs with a flathead screwdriver
- Use the PGJ to replace any brand of rotor with a ½" inlet
- Can be used alongside larger rotors to combine several areas into one zone

SPECIFICATIONS

- Radius: Approximately 25'
- Flow: Approximately 2.0 GPM
- Recommended pressure range: 30 to 50 PSI
- Operating pressure range: 20 to 100 PSI
- Precipitation rate: 0.6 in/hr approximately
- Nozzle trajectory: 14° approximately
- Warranty period: 2 years
- Inlet size: ½" female
