For KRC-12SS / KRC-18SS:

Safety Precautions

To reduce the risk of fire, electrical shock, or injury when using your appliance, follow these basic precautions.

- **PLEASE READ** all instructions before installing, operating, or servicing the appliance.
- **Danger and Warning:** Failure to follow this safety statement will result in severe personal injury or death, property, or equipment damage.
- **RISK OF CHILD ENTRAPMENT.** Before you throw away your old refrigerator or freezer, take off the doors and leave shelves in place so children may not easily climb inside. Keep children away from the wine cooler, avoid them put fingers in air outlet on the kick plate.
- **⚠️ SHOCK HAZARD -** Electrical Grounding required.
- Never attempt to repair or perform maintenance on the unit until the electricity has been disconnected.
- Never remove the round grounding prong from the plug and never use a two-prong grounding adaptor.

- Altering, cutting of power cord, removal of power cord, removal of power plug, or direct wiring can cause serious injury, fire or loss of property and life, and will void the warranty.
- Never use an extension cord to connect power to the unit.
- Always keep the working area dry.

Important Precautions

- Do not lift unit by door handle.
- Do keep the door closed before installing into cabinet.
- Be sure the kick-plate on the front bottom is free from obstruction. Obstructing free airflow can cause the unit to malfunction and will void the warranty.
- Allow unit temperature to stabilize for 24 hours before use.
- Do not block any internal fans.
- Use only genuine supplier's replacement parts. Imitation parts can damage the unit, affect its operation or performance, and may void the warranty.

Installation Instructions

Before using your wine cooler:

- Remove the exterior and interior packing.
- Before connecting the appliance to the power outlet, let it stand upright for approximately 24 hours. This will reduce the possibility of malfunction in the cooling system from handling during transportation.
- Clean the interior surface with lukewarm water using a soft cloth.
- Place your appliance on a floor that is strong enough to support the appliance when it is fully loaded.
- To level your appliance, adjust the front legs at the bottom of the appliance.

Operating Your Wine/Beverage Cooler

- It is recommended that the wine Cooler be installed in an area where the ambient temperature is between 41-90°F (5-32°C).
- **CONTROL PANEL**

- **SETTING THE TEMPERATURE CONTROL**
 - Your Cooler is equipped with a control panel lock feature which will lock itself automatically 30 seconds after the last time a button is pressed.
 - Press the  button to unlock the control panel.
 - You can manually adjust the temperature inside Cooler by pressing the buttons on the display panel. The two buttons on the panel  and  adjust the temperature in increments of 1°C or 1°F.
 - You can select the temperature to display in Fahrenheit or Celsius by pressing the  button for 3 seconds.
 - You can turn the interior light on or off by pressing the  button.
- **Note**
 - If the unit is unplugged, the power is lost or turned off, you must wait 3 to 5 minutes before restarting the unit if you attempt to restart before this time delay, the Cooler will not start.
 - When you use the Cooler for the first time or restart the Cooler after having been shut off for a long time, there could be a few degrees variance between

the temperature you select and the one indicated on the LED readout. This is normal and it is due to the length of the activation time. Once the Cooler is running for a few hours everything will be back to normal.

Care and Maintenance

Cleaning your wine cooler

- Unplug the wine cooler and remove the bottles.
- Wash the inside with warm water or baking soda solution. The solution should be about 2 tablespoons of baking soda to a quart of water.
- The outside of wine cooler should be cleaned with mild detergent or warm water.

Moving your wine cooler

- Remove all the bottles.
- Securely tape down all loose items inside your wine cooler.
- Turn the leveling legs up to the base to avoid damage.
- Tape the door.
- Be sure the wine cooler stays in the upright position during transportation.
