

Mirror and Wall Art Installation Guide

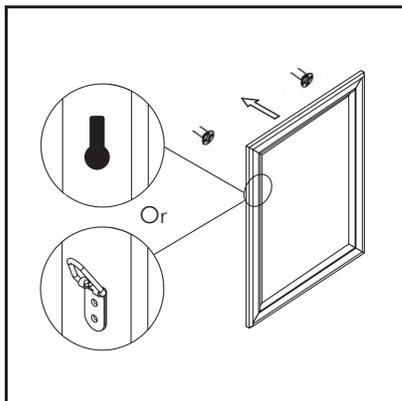

HANG BY ATTACHED RINGS OR KEYHOLE HANGERS ONLY. DO NOT HANG WITH PICTURE WIRE.

Determine type of wall anchor to use. Type of anchor depends on wall surface and weight of item to be hung. Consult professional if in doubt. Using a tape measure and level, mark position for the anchors. Space anchors so the attached Rings or Keyhole hangers will hang on anchors properly.

Drive proper type wall anchors with screws into the wall.

Hang with Rings or Keyhole hangers located on the back of item onto the installed wall anchors. This will provide an easy and safe installation with the weight distributed evenly.
