- Landscape fabric
- Power drill

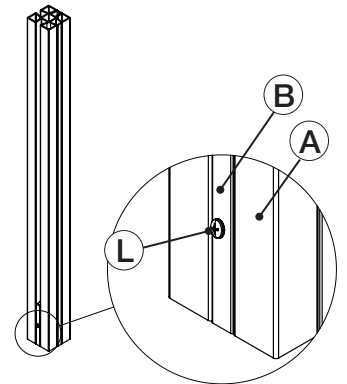

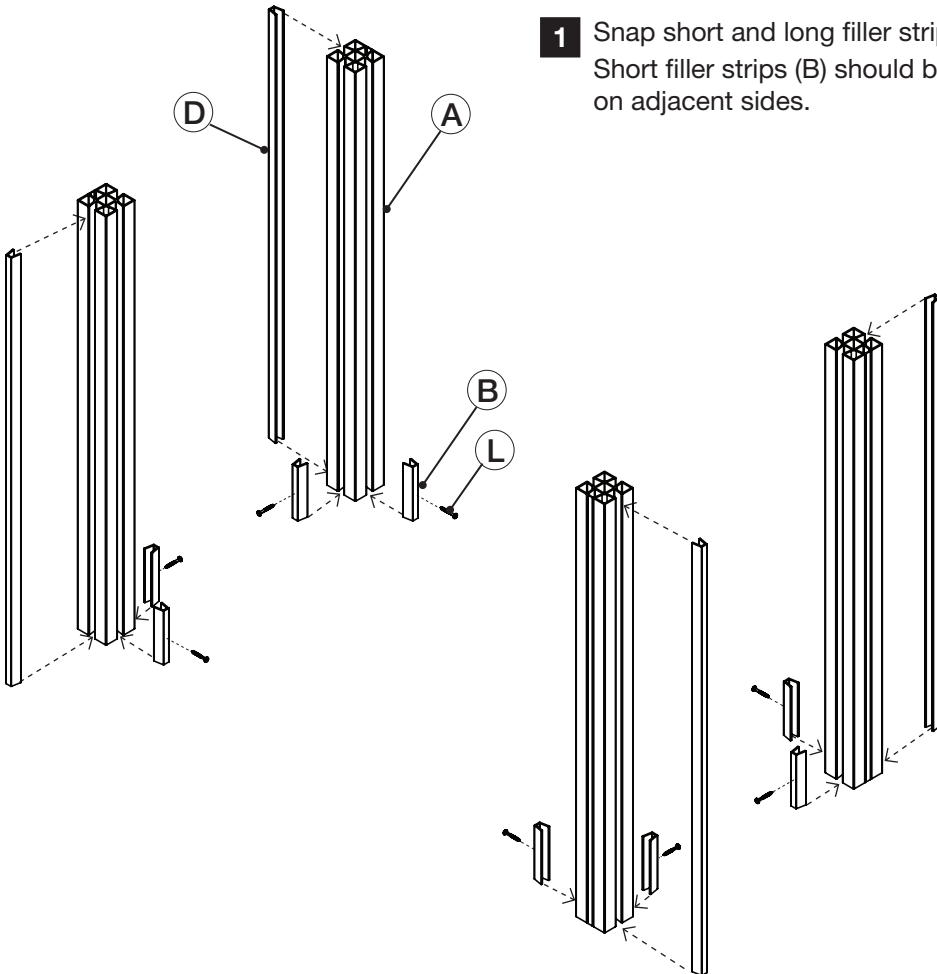

**QUESTIONS?** Contact our customer service department

**Phone:** (844) 529-5882

View our installation video on the [homedepot.com](http://homedepot.com) product page.

### ASSEMBLY

- 1** Snap short and long filler strips (B/D) into the legs (A) as shown. Short filler strips (B) should be placed flush with bottom of legs on adjacent sides.

Note: If assembled planter will be placed on soft ground, we recommend driving a screw (L) through each of the 8 installed short filler strips (B).

### ASSEMBLY INSTRUCTIONS

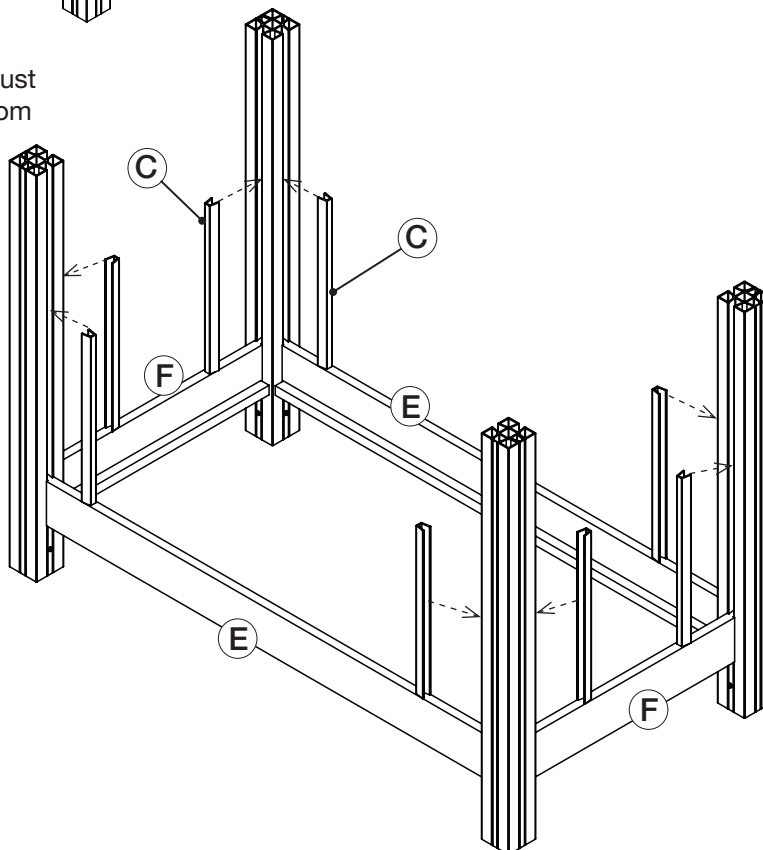

#### ASSEMBLY – continued

- 2** Slide boards with cleats into the legs as shown to create shelf base.

*Tip:* Use a rubber mallet to gently tap in boards if needed.

- 3** Snap medium filler strips into legs and adjust so they are resting on top of the boards from Step 2.

### ASSEMBLY INSTRUCTIONS

#### ASSEMBLY – continued

- 4** Slide remaining boards with cleats into legs as shown to create planter bed base.

- 5** Slide side and end boards into legs as shown.

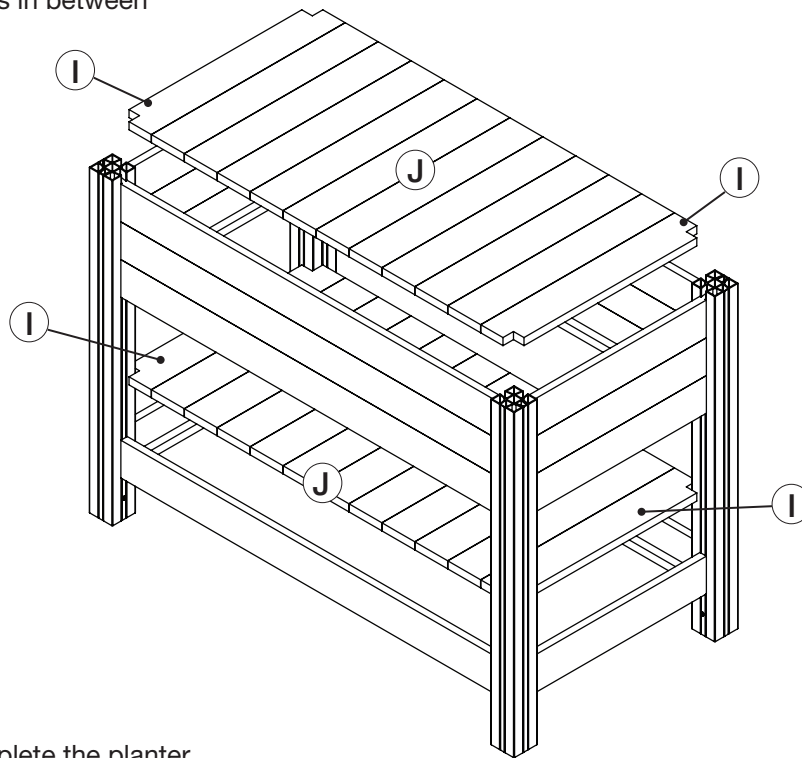

## 2x4 ELEVATED GARDEN PLANTER WITH VINYL LEGS AND SHELF

### ASSEMBLY INSTRUCTIONS

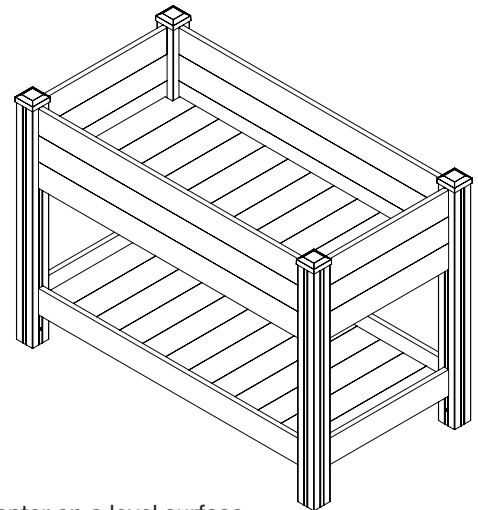

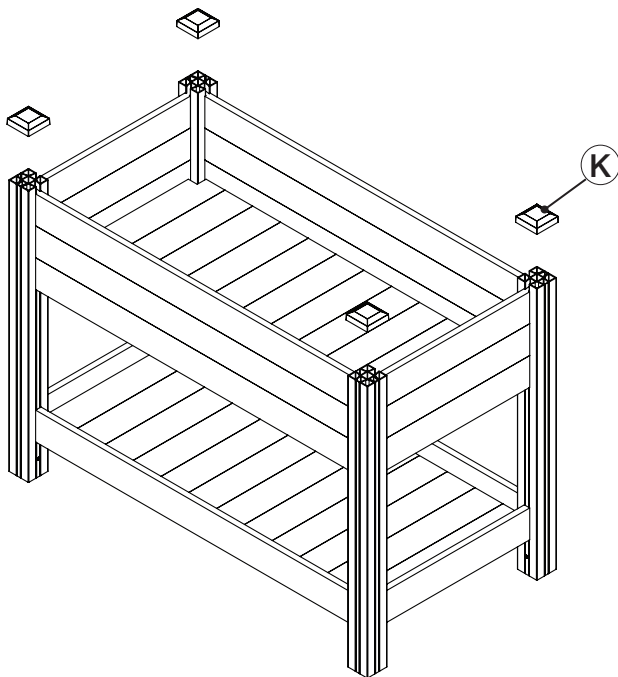

#### ASSEMBLY – continued

- 6** Place bottom boards on cleats to create the planter bed floor and shelf.

**Note:** Boards will have small gaps in between them to allow for drainage.

- 7** Slide post caps onto legs to complete the planter.

#### TIPS:

- Place planter on a level surface.
- Lay down landscape fabric (optional) prior to filling with soil.
- When adding soil, place it evenly across the bed.

You'll need approximately 5-1/2 cubic feet of soil to fill the planter.
