

Frequently Asked Questions

Q: Can INTEX Millwork products be painted?

A: Yes, due to the inherent expansion and contraction characteristics of PVC, INTEX's PVC millwork products should only be painted colors with an LRV (light reflective value) greater than 55.

Q: How do you clean INTEX Millwork products?

A: Cleaning all INTEX products are easy and fast with most major household cleaners. There are many cleaners on the market and the glass cleaners seem to be the best candidate for keeping the finish looking great. The cleaning solution should be applied and immediately wiped dry. Harsh cleaners with glycol ethers or ethanol type solvents and/or isopropyl alcohol are not recommended.

Q: What are the benefits of Cellular PVC?

A: INTEX Millwork's Cellular PVC millwork offers durability that far surpasses wood or other materials. While wood can be affected by moisture, changing temperatures, UV light and insects, INTEX's Cellular PVC is just the opposite. Our Cellular PVC is impenetrable to moisture and it won't rot, swell or split like wood. INTEX's Cellular PVC is bug proof, UV resistant and impervious to salt. Unlike Vinyl, INTEX's Cellular PVC can be milled, painted, and installed like natural lumber. INTEX's Cellular PVC also does not squeak, shine, yellow, fade, or chalk like vinyl.

Q: How long do INTEX Millwork products last?

A: INTEX Millwork products are designed to last in the harshest of environments. For this reason, all INTEX Millwork Solutions products carry a lifetime limited warranty.

Q: Are technical drawings and documentation of INTEX Millwork products available?

A: Technical drawings and product documentation are available at intexmillwork.com. If you need more information, please call (856) 293-4100.

Q: What other products does INTEX Millwork offer?

A: We offer a wide range of Cellular PVC products, including Railing Systems, Pergola & Trellis Systems, Column & Newel Wraps, Millwork, Shower Enclosures, Lamp & Mailbox Posts, Planter Boxes, Window Boxes, Fence Systems, and more! Visit intexmillwork.com for more information.
