# Strike Out Vibration

Crescent, the brand that has brought market-leading innovation to numerous hand tool categories, now brings that same innovation to our line of professional hammers. Forged steel heads and handles with revolutionary Vibeguard™ technology make these hammers best-in-class at vibration reduction. Crescent hammers are also precisely balanced for better swing force and have a 15% larger sweet spot for greater accuracy with every swing.

**VibeGuard™ Vibration Control System**  
Utilizes vibration dampening slot technology, coupled with a vibration control handle made from proprietary materials to minimize vibration when striking by 70%

**Textured Fawn's Foot Grip/Tether Ready**  
Ergonomically sound and sure grip

**Optimized Strike Face**  
15% larger bell to minimize mishits, and optimizes market leading power to weight performance

CHSGP20

**Magnetic Nail Starter**  
Stronger, faster way to one-handed nail set

## Fiberglass General Purpose Hammer

**VibeGuard™ Vibration Control System**  
Utilizes vibration dampening slot technology, coupled with a vibration control handle made from proprietary materials to minimize vibration when striking by 70%

**Permabond™ Connection**  
Proprietary head attachment process provides best-in-class pull-off prevention (Fiberglass handled hammers)

**Optimized Strike Face**  
With 15% larger sweet spot to prevent miss hit and provide greater impact

CHFGP16

**Textured Fawn's Foot Grip**  
Gives users an ergonomically sound and sure grip on the hammer

## Wood Framing Hammer

**Hickory Wood Handle**  
Helps dampen vibration upon impact. California-style design

**Double Pegged Connection**  
Industry-leading head attachment process provides best-in-class pull-off prevention

**Optimized Strike Face**  
With 15% larger sweet spot to prevent miss hit and provide greater impact

CHFRAM22

**Fawn's Foot Grip**  
Gives users an ergonomically sound and sure grip on the hammer

## Fiberglass Drilling/Demo Hammer

**Extreme Overstrike Protection**  
Heavy duty, over-sized protective sleeve to prevent damage due to overstrike, 50% more than leading competitor

**Waffled Strike Face**  
For increased demo effectiveness. Opposite side is smooth for traditional drilling applications

CHFDRL48

**Textured Ambidextrous Grip**  
Gives users an ergonomically sound and sure grip on the hammer. Hang hole for convenient storage
