

Use and Care Instructions

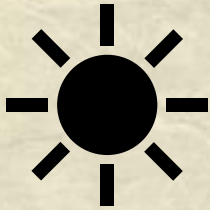

Beaucarnea recurvata

(Elephant's Foot)

Grown by United Nursery, the *Beaucarnea recurvata*, or more commonly known as the Ponytail palm and Elephant's foot, are unique looking, long lasting indoor plant which are perfect for beginners or expert plant lovers because of its low maintenance and easy care needs. Despite its palm like appearance and name, the Elephant's Foot is not a true palm, it is closely related to desert plants in the Agave and Yucca genus.
