### Summary of testing:

The submitted samples were tested with Section 1604(h), 1605.1(h), 1605.3(h) and 1607 of California Appliance Efficiency Regulations, please refer to follow page for test results.

Note: This report only responsible for the showerhead and hand-held shower.

**Test item particulars:**

Classification of installation and use..... : —

Supply Connection ..... : —

**Possible test case verdicts:**

- Test case does not apply to the test object..... : N/A
- Test object does meet the requirement ..... : P (Pass)
- Test object does not meet the requirement ..... : F (Fail)

**Testing:**

Date of receipt of test item ..... : October 13, 2025, October 31, 2025, November 13, 2025, December 17, 2025

Date (s) of performance of tests ..... : October 15, 2025 to December 17, 2025

**General remarks:**

This report is for the exclusive use of Intertek's Client and is provided pursuant to the agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this report. Only the Client is authorized to permit copying or distribution of this report and then only in its entirety. Any use of the Intertek name or one of its marks for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. The observations and test results in this report are relevant only to the sample tested. This report by itself does not imply that the material, product, or service is or has ever been under an Intertek certification program.

"(See remark #)" refers to a remark appended to the report.

"(See Appendix #)" refers to an appendix appended to the report.

When determining the test result, measurement uncertainty has been considered.

The clause which indicated with \* is the subcontract test item.

All the test results if need to give the statement of conformity refer to the decision rule of ILAC G8:09/2019 Clause 4.2.1 "Binary Statement for Simple Acceptance Rule".

The revised report replaces the report of the previous version.

**General product information:**

| Item No. | Model No.   | Product Description                            | Remark        |
|----------|-------------|------------------------------------------------|---------------|
| 1        | KF460120-01 | Bathroom Shower Set, 1.8GPM, Size: 105*30*30cm | Covered model |
| 2        | KF460121-01 |                                                | Covered model |
| 3        | KF460122-01 |                                                | Tested model  |
| 4        | KF460123-01 |                                                | Covered model |
| 5        | KF460124-01 |                                                | Covered model |
| 6        | KF460125-01 |                                                | Covered model |
| 7        | KF460126-01 |                                                | Covered model |
| 8        | KF460127-01 |                                                | Covered model |
| 9        | KF460128-01 |                                                | Covered model |

Remark: The covered models were the same as the tested model, just different in model name.
