

# Waterproof and Protect Your Outdoor Fabrics

Whether you need to **stop a leaking fabric** or you want to **add waterproofing to untreated fabrics**, Aqua Armor is your earth-friendly, **water-based** fabric waterproofing spray.

Aqua Armor **adds or restores waterproofing** and by protecting your outdoor fabrics with Aqua Armor, will help **fight staining and soiling**.

Aqua Armor dries **odor free** and **does not affect the color, feel or flexibility** of treated fabrics. Simply spray on and let air dry!

## HERE'S HOW EASY IT IS TO APPLY!

1. Start with a thoroughly cleaned and dry fabric.
2. Test in a small inconspicuous area first.
3. Spray until item is evenly wet but do not overapply.
4. Use sponge damp with Aqua Armor and gently wipe any large drops that form.
5. Allow treated fabric to completely dry before use preferably in full sunlight.

## FEATURES AT A GLANCE
