

Material Safety Data Sheet

Product Name: Chinch Bug Busters
Product Code: EFI0319

HMIS Codes: HFRP
110X

Section I – Manufacturer and Distributor Identification

Manufacturer's Name: Environmental Factor **Address:**
Emergency Phone: 888-820-9992 **Information Phone:** (905) 686-9909
Prepared By: MSDS Coordinator **Date Revised:** Nov 16, 2011

Section II – Hazardous Ingredients/SARA III Information

Components **Occupational Exposure Limits**

Component	CAS Number	OSHA PEL	ACGIH TLV	Weight Percent
<i>Steinernema carpocapsae</i> nematode paste	NE	NE	NE	< 90 %
Inert Carrier	Proprietary	15 mg/m ³ total dust	10 mg/m ³	< 15 %

No reportable quantities of toxic chemical(s) subject to the reporting requirements of Section 313 of SARA Title III and of 40 CFR 372 are present

Section III - Physical/Chemical Characteristics

Melting Point: NE **Specific Gravity: (H₂O = 1):** NA
Vapor Density: NA **Evaporation Rate:** NA
Solubility In Water: Soluble **Appearance and Odor:** Light brown, moist gel

Section IV - Fire and Explosion Hazard Data:

Flash Point: NA **Method Used:** NA
Flammable Limits in Air by Volume: NA **Lower:** NA **Upper:** NA
Extinguishing Media: Foam, alcohol foam, CO₂, dry chemical, water fog
Fire Fighting Precautions & Hazards: Fire fighters should wear butyl rubber boots, gloves, and body suit and a NIOSH/MSHA self-contained breathing apparatus.
Unusual Fire and Explosion Hazards: Not a fire or explosion hazard when stored under normal conditions.

Section V – Reactivity Data

Stability: Stable
Conditions to Avoid: Variations in temperature. High humidity.
Incompatibility (Materials to Avoid): Active ingredient is a living organism. Do not expose to heat or excessive cold or sunlight. Only mix with water. Avoid pesticides and biocides.
Hazardous Decomposition Products: When involved in a fire, burning may evolve noxious fumes which may include carbon monoxide and carbon dioxide or other toxic compounds depending on the chemical composition and combustion conditions.
Hazardous Polymerization: Will not occur.

Section VI - Health Hazard Data

Inhalation Health Risks and Symptoms of Exposure: Prolonged inhalation may lead to respiratory tract irritation.
Skin and Eye Contact Health Risks and Symptoms of Exposure: Prolonged or repeated contact may result in mechanical irritation.
Skin Absorption Health risks and Symptoms of Exposure: None expected.
Ingestion Health Risks and Symptoms of Exposure: Ingestion of large quantities may be harmful.
Health Hazards (acute and chronic): None known.

Section VI - Health Hazard Data (Continued)

Carcinogenicity NTP? No IARC Monographs? No

Existing Medical Conditions Generally Aggravated By Exposure: May provoke asthmatic response in persons with asthma who are sensitive to airway irritants.

Emergency and First Aid Procedures:

Eyes: Flush with flowing water for at least 15 minutes. Call a physician if irritation persists.

Skin: Wash affected area with soap and water. If irritation develops consult a physician. Remove and launder contaminated clothing before reuse.

Inhalation: If difficulty in breathing occurs, move to fresh air. Get immediate medical attention.

Ingestion: Get immediate medical attention. Unless advised otherwise, dilute with water or milk.

Section VII – Precautions for Safe Handling and Use

Steps to be Taken in Case Material is Released or Spilled: Contain the spill to prevent a large discharge to surface streams or storm sewers. Vacuum or use wet clean-up techniques and place recovered product in a closable container.

Waste Disposal Method: Disposal must be made in accordance with federal, state, and local regulation.

Precautions to be Taken in Handling and Storing: Local exhaust. Do not freeze. Avoid unnecessary skin contact. Do not breathe fumes. Store at 5°C/40°F.

Other Precautions: Eye wash fountains should be easily accessible. As with all chemicals, keep out of the reach of children.

Section VIII - Control Measures

Respiratory: If excessive dust is present, wear NIOSH/MSHA approved respirator. Permissible exposure levels for nuisance dust should be observed.

Ventilation: Local exhaust or containment.

Clothing: Gloves, coveralls, apron, boots as necessary to prevent skin contact as needed.

Eye: Safety glasses are recommended.

Other: Open wounds or skin surface disruptions should be covered with a chemical resistant patch to minimize absorption risks. Clean clothing should be worn daily to avoid possible long-term build up of the product leading to chronic overexposure.

Section IX - Shipping and Labeling Information

D.O.T. Shipping Data: Not regulated.

D.O.T. Hazard Classification NA

D.O.T. Labels Required: NA

D.O.T. Identification NA

Section X – Disclaimer

Environmental Factor believes the information contained herein to be true and accurate as of the revision date of this document.
