

HUD -1 EZ Building Warranty

30 Day Limited Warranty

We will warrant and replace any item found to be damaged in the package through shipping or packaging at the plant. Additionally if the part is confirmed missing we will replace it at no charge. It is the responsibility of the customer to open and inspect all boxes within 30 day of delivery receipt to ensure all parts listed on the parts list have been received and are accounted for.

If a part is missing or mispackaged, we will replace it or provide instruction to modify the missing part in order to complete the build.

Replacement parts may take anywhere from 2-8 weeks to be shipped and received by the customer.

Any exceptions to the above are at the discretion of the company.

Once the building is assembled and constructed, the purchaser of said item will hold all liability for the structure and HUD-1 EZ building cannot and will not warrant the building/structure.

Please contact us at info@hud1group.com or at 731-574-8702 for further questions and assistance.
