

MEASURE WIDTH - VERIFY MOUNTING SURFACE REQUIREMENTS AND MEASURE DOOR OPENING WIDTH

To install the retractable insect screen door, you must verify that the opening width and height are suitable size to properly install into the opening.

1. Measure the width at the top (W1), middle (W2), and bottom (W3) of the opening (see Figure 1). Measure from the inside of the sliding patio door jamb (frame) to the fixed glass panel frame member. Utilizing the narrowest width, reference the chart below.
2. Make sure that the exterior trim meets the mounting surface requirements to accommodate the retractable insect screen assembly (see Figure 2). The assembly needs 3/4" flat surface on exterior trim face and 1" minimum depth of mounting surface.
3. For patio door height installation requirements see page 4.

Sliding Patio Door Opening Widths (W)	Configuration Widths (Adjustable Width - Use for Step 1b)
25 $\frac{7}{8}$ " – 27 $\frac{15}{16}$ "	26 Inch Screen Track Setting (5-0 Patio Doors)
28" – 30 $\frac{3}{8}$ "	30 Inch Screen Track Setting (5-0 Patio Doors)
31 $\frac{7}{8}$ " – 33 $\frac{15}{16}$ "	32 Inch Screen Track Setting (6-0 Patio Doors)
34" – 36 $\frac{3}{8}$ "	36 Inch Screen Track Setting (6-0 Patio Doors)

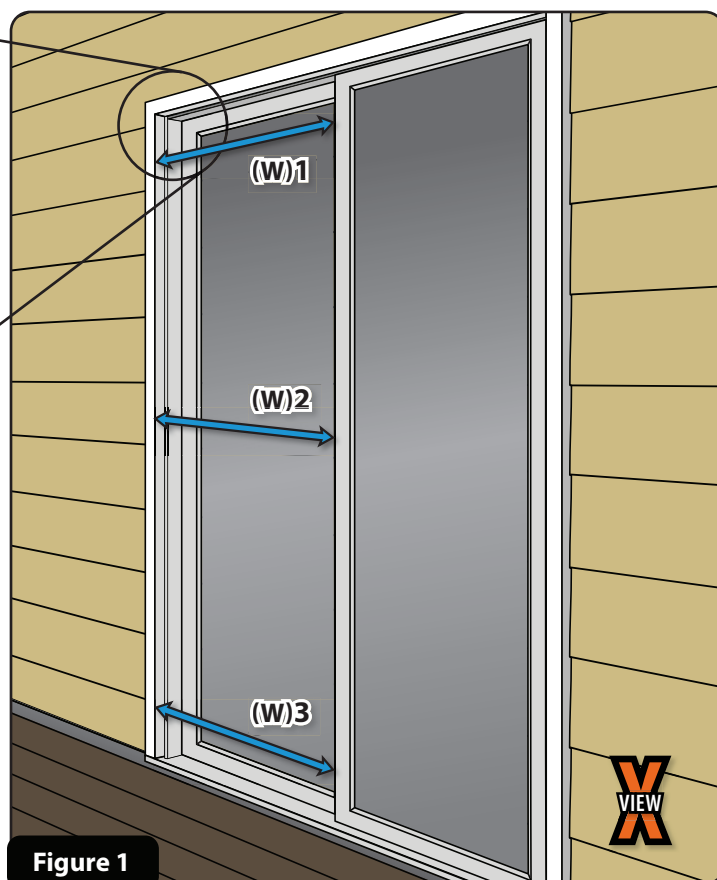

Figure 1

MEASURE HEIGHT - INSTALLATION HEIGHT VARIATION MOUNTING REQUIREMENTS

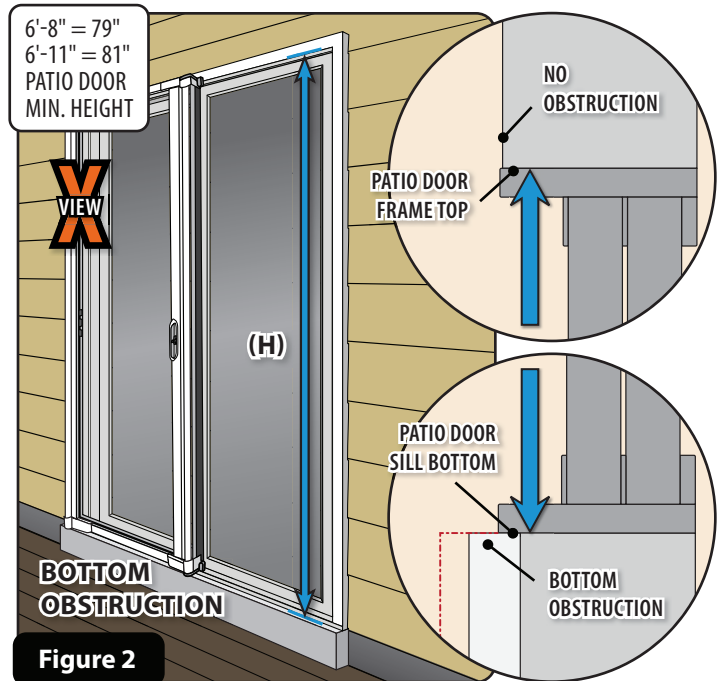

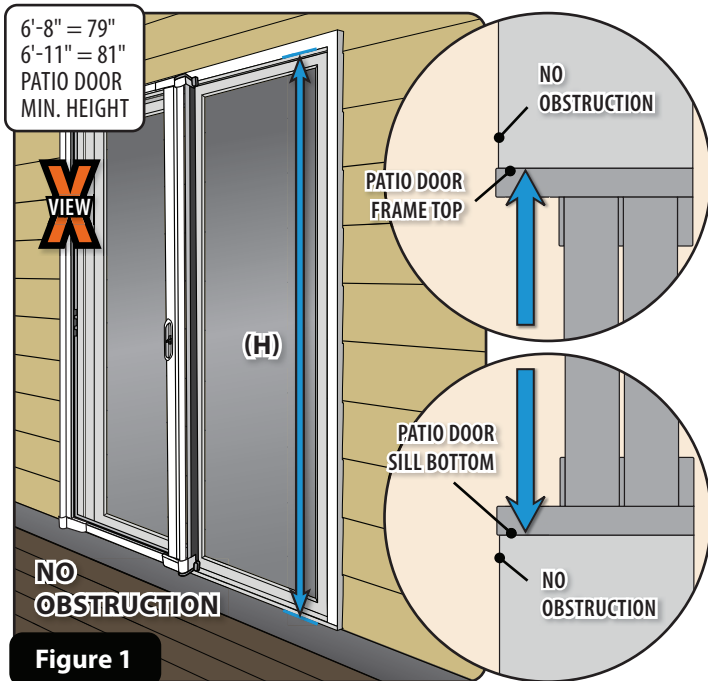

Verify that the exterior of your sliding patio door meets one of the installation opening height requirements as shown below. Choose the mounting variation that meets your installation. The retractable screen may extend above top or bottom of the sliding patio door depending on the type of installation condition you have.

1. Measure the height the sliding patio door (H), from the bottom of the frame (sill at bottom of the patio door) to the top of the frame (the head of the patio door) as shown below.

IMPORTANT

Depending on which type of mounting condition you have it may be necessary to re-orient the screen track support differently then what is shown in step 4 on page 8.

Height	Sliding Patio Door Frame Heights (H)
6' – 8"	79" – 79 ½"
6' – 11"	81" – 81 ½"
