

NOTCH WARRANTY LIFETIME GUARANTEE

Notch is proud to engineer products that exceed consumer expectations for quality and durability.

With proof of sale, Notch will repair or replace at its discretion any manufacturing defect in our products free of charge.

This Guarantee does not cover damage caused by normal wear and tear, accident, loss, theft, improper care, non-standard usage or negligence.

The term Lifetime refers to the lifetime of the product, components, fabrics and materials. While we choose the very best materials available to make our products as durable as possible, applications in the tree care industry can be downright brutal, and all materials degrade over time with use and exposure to the environment. A product's lifetime is a function of how much use it gets and how well it is cared for and not of how old it is.

A Manufacturing Defect exists if the product departs from its intended design. Defective materials (zippers, buckles, fabrics, steel, rubber, etc.) or workmanship (seams, welding, splicing, construction, etc.) are covered by The Notch Lifetime Guarantee. Notch will repair or replace at its discretion any manufacturing defect in these products free of charge.

Wear and tear is damage that naturally and inevitably occurs as a result of normal use. Moving parts will wear out and fabrics will deteriorate and fade, saw blades may dull, finishes will chip, rubber bands may break, glasses will scratch, etc.
