P		Bolt (M5x10)	74	Y1		Allen Key (5mm)	2
Q		Bolt (5x10mm)	4	Z		Spanners (13mm)	2
R		Bolt (5x5mm)	16	AA BB		Spare Louver Bracket	AA-2 BB-2
S		Bolt (5x15mm)	6	aa bb		Spare Louver Bracket	aa-1 bb-1
T		Expansion Bolt (10x100mm)	16	CC		Transmission rod connecting piece	5
U		Bolt (M6x12)	10	DD		Gutter	4
V		Louver Control Loop	2	EE		Gutter	2

## Before Assembly

Please be aware that assembly of the pergola is a complicated and involved process requiring a certain amount of technical ability and time. If you are in any doubt about assembly it is recommended you enlist the help of a qualified tradesperson.

It is recommended that assembly should be conducted by a minimum of 2-3 people. Certain stages of the assembly will require the use of multiple step ladders and, if securing into concrete or other solid ground you will require a masonry drill.

It is important that you carefully measure and mark out the location of the Pergola posts.

The Pergola must be located on flat, level ground and the posts positioned equally apart.

Failure to do the above may result in sub-optimum operation of the mesh sidewalls.

Upward View

## Top View

Posts are labelled with lettered stickers "A".

Beams are labelled with lettered stickers "B1", "B2", "C1", "C2", "D1", "D2", "E1" and "E2".

## Framework Assembly

**A** X4

**G** X4

**M** X16

**Y** X1

Match Post Base **G** to Post **A** by Bolt **M**. Then, the bottom plate outlet hole must be on the same side as the column outlet hole.

Insert and tighten 4x **M** Bolts by Allen Key **Y**.

Repeat for all Posts.

**STEP 1**

## Cross beam steps

**C1** X2

**C2** X2

**P** X24

**X** X1

**K** X2

**DD** X2

01

02

03

04

Put part **K** into the cross beam and part **DD** to the joint of the beam like the above pictures. Then lock the beam with **P** bolts so that the **C1** and **C2** beams are integrated.

**STEP 2**

## Edge beam steps

**STEP 3**

03

04

Put part **K** into the cross beam, part **DD** to the joint of the beam like the above pictures and lock the beam with **P** bolts. Then fix both sides of the transmission rod with part **CC** and **U** bolst to make the corss beam become a whole. Repeat this step for parts **D1** & **D2**.

## STEP 3

- N** X8 
- O** X8 
- Y** X2 
- Z** X2 

Beam B1 & B2

Beam D1 & D2

When Installed correctly,  
all lower brackets will face  
the same direction.

Assemble the frame as per the above graphic.

**STEP 4**

## Recommended Installation Method.

Move Posts **A** and Beam **C1** & **C2** into position and erect.

Attach Beam **B1** & **B2** to Post **A** using 4x **N** Bolts and Nuts, 4x **O** Bolts.

Now repeat to attach Beam **D1** & **D2** to Posts **A**.

## STEP 4

# Center Beam Procedure

E1 X1

L X1

U X4

E2 X1

X X1

P X16

Z X2

CC X2

EE X2

01

02

STEP 5

Put part **L** into the center beam, part **EE** to the joint of the beam like the above pictures and lock the beam with **P** bolts.

Then fix both sides of the transmission rod with part **CC** and **U** bolts to make the center beam become a whole.

## STEP 5

## Center Beam Procedure

**W** X2

**Q** X4

**X** X2

**S** X4

**Y1** X2

Attach Middle Beam Support **W**x2 to Beam **C1** and **C2** by Bolts **S**.

**STEP 6**

02

Attach middle beam **E1** & **E2** to side beam **C1** & **C2** with **Q** screws.

Beam **B1** & **B2**

Middle Beam **E1** & **E2**

Beam **D1** & **D2**

When Installed correctly,  
all louver brackets will face  
the same direction.

**STEP 6**

V X2

X X1

03

Please remove grub screw from part V. Then put part V on the middle beam and assembly it with grub screw.

**STEP 6**

## Louver Assembly

**F** X110

**J** X1

Clamp both ends of the Louver Blade into the Brackets located on the beams.

Please note: The front (1PC) and Bottom (1PC) Blades are attached differently to the others, as per above image.

**STEP 7**

Two People Install the remainder of the Louver Blades together, ensuring correct alignment.

Control the Louver Blades using Crank Handle **J** supplied.

**STEP 7**

Once all of the parts are in place like the picture above, install part **H** to part **I** by bolts **R**.

Make sure the end of Beam Cover with screw thread are up so that bolt **R** can be tightened with it.

## STEP 7

## Securing your Pergola

**T** X16

### Securing into Concrete

When securing your pergola into solid ground such as concrete or paved area, please use the expansion bolts **T**.

Attention: **Wood screws are not in packing list.** You have to purchase it based on the specification of your decking wood.

### Securing into Wood

When securing your pergola into a wooden surface such as decking, please use suitable wood screws with a diameter of 10mm and a length which suitable for your decking wood thickness.

**STEP 8**

## Usage instructions: Louvered roof

Locate the Louver control loops, insert Crank Handle and turn clockwise to open and anti clockwise to close.

## **Care and Cleaning**

Wash frame parts with mild soap and water, rinse thoroughly. Dry frame completely.

Do not use bleach, acid, or other solvents on the frame parts.

Please inspect and tighten all bolts or fasteners on a regular basis to ensure proper performance and safety of your pergola.

## **Warranty**

### **Frames**

Frames constructions are warranted to be free from defects in material and workmanship for 1 year from item purchased. Damage to frame from negligence won't be covered by this warranty.

### **Bolts & Nuts**

Bolts and nuts are warranted to be free from defects in material and workmanship for 1 year from item purchased. Damage from exposure to chemicals (including not only oils, spills, fluids) won't be covered by this warranty.

### **Warranty Limitation**

This warranty is for the original purchase order only. (Order number required).

This warranty is non-transferable. Purple Leaf is responsible for the free replacement part including shipping charges for the 1 year warranty.

### **Warranty Exclusion**

This warranty does not cover products subject to negligence, abuse usage, inappropriate installation. Purple Leaf reserves the right to explain warranty exclusions. When the replacement item is applied, the 1 year warranty automatically expires. Please feel free to contact us to apply for a warranty.
