Care and Maintenance

Before using, wipe with a clean, dry cloth. Do not use bleach or solvents. Treat the frame with a one-step liquid wax for maximum protection against UV light and salty, damp air. Wash the canopy and netting with a mild solution of soap and water, rinse thoroughly, air dry completely. **Do not machine wash or tumble dry this may damage the fabric.** Please properly tighten all hardware and perform periodic inspections during usage for cracked welds or loose nuts or bolts.
