

# GLOCOVER™

## Nightlight Wallplate

UPGRADED WALLPLATES WITH  
INTEGRATED NIGHTLIGHTS

### LOW-PROFILE DESIGN

allows access to both  
of your outlets

### ENERGY EFFICIENT

automatic dusk to dawn control  
saves money and energy by  
operating only in the dark

### SAFETY GUIDE LIGHT

projects light downward to  
safely see your path

### STYLE VARIETY

available in different  
configurations and finishes

### UNIVERSAL FIT

on all standard outlets

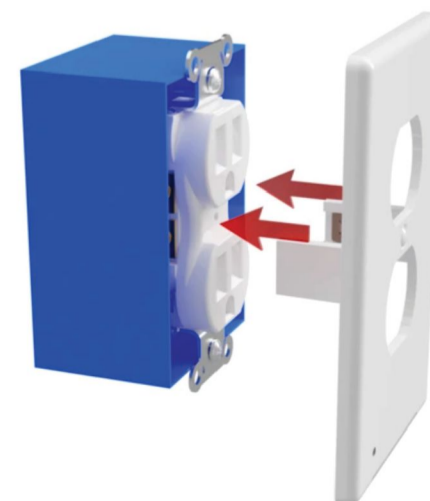

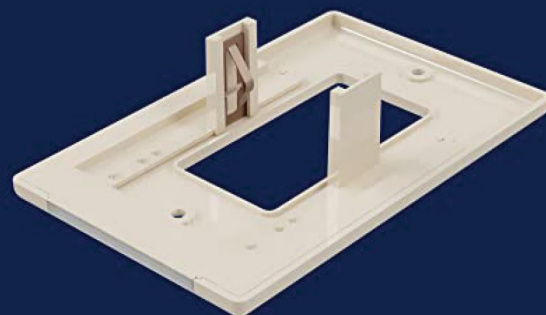

### EASY TO INSTALL

no wiring required

## HOW IT WORKS

Our patent pending design uses tiny copper fins mounted on the back of the wallplate to slide onto, and connect to your outlet to power its LEDs - no wiring required!

## EASY TO INSTALL

- 1 Turn-off breaker power to the outlet
- 2 Remove the existing wallplate
- 3 Press the LumiCover into place
- 4 Copper fins will slide around each side on the outlet to make its power connection
- 5 Tighten the screws (included) to secure the LumiCover
- 6 Turn breaker power back on
- 7 The outlet is ready to use!
