Premium LLDPE

The pond liner is made of pro-environmentally LLDPE material, secure and durable, can well protect the fish and plants in your pond. Size of 15 ft x 20 ft can be fit for various fish ponds.

No Leakage

This waterfall liner provides a flat surface for your pond or rooftop. Waterproof property can retain the water of your pond and ensure your rooftop avoids leaking of water on rainy or snowy days.

High Tensile

This small pond liner has a thickness of 20 Mil; compared to the liner in 14 Mil, our pond skin is more tear-proof, wear-proof, and puncture-proof, providing you a better user experience.

Long Lifespan

This large pond liner is designed for aging-proof can last for years. It can live up to 10 years of exposure to direct intense sun and more than 50 years without exposure.

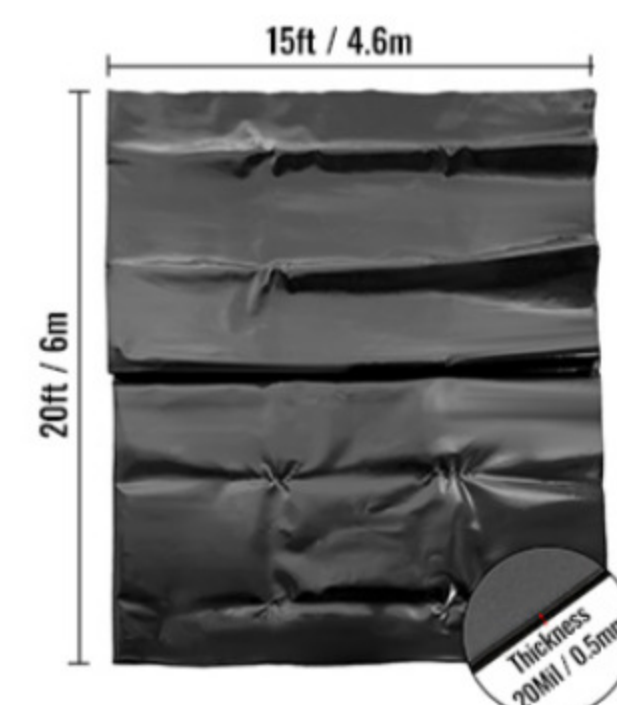

Excellent Flexibility

Good flexibility makes the fish pond liner easy to fold and bend into your contour/outline of pond rocks and waterfalls. You can cut it in various shapes to meet your different requirements.

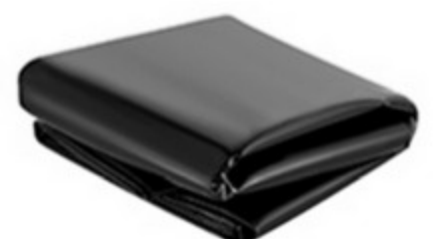

Widely Used

This plastic pond liner is perfectly suitable for water gardens, fishponds, backyard waterfalls, golf courses, artificial lakes, riverways, lotus ponds, fountains, sloping sides, rooftops, etc.
