

Light Commercial Ice Maker

Our light commercial ice maker produces 100 lbs of ice cubes daily. In actual test conditions, ice production capacity is up to 100.5 lbs/24 h at 21°C/70°F, 10°C/50°F ambient/water temperature. It has a maximum ice storage capacity of 33 lbs and can keep your ice insulated for up to 8 hours.

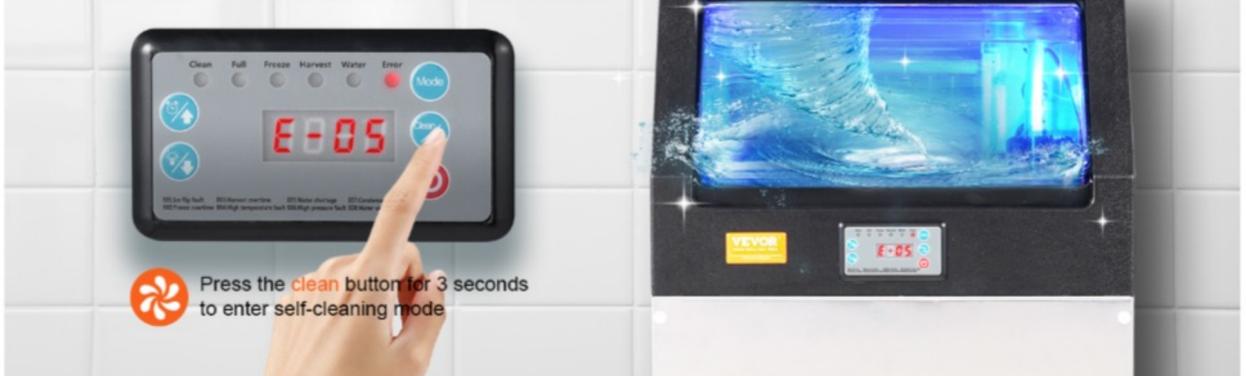

ADJUST YOUR ICE THICKNESS

Supports adaptive adjustment for thickness

Our commercial ice maker is equipped with 55 ice cubes, allowing you to adjust the ice thickness by extending or reducing the ice-making time. Thanks to its powerful compressor, this ice maker can produce ice cubes in just 12-15 minutes.

SELF-CLEANING SYSTEM

Our commercial ice maker machine comes with a convenient one-touch self-cleaning function, ensuring that your ice maker stays clean. Additionally, it includes a filter for the inlet water pipe, effectively filtering the water debris and providing clean water for ice production.

4-STEP EASY INSTALLATION

Our ice maker features an integrated structure that makes installation a breeze. It effectively isolates external heat with a 25 mm thickened cyclopentane foam layer and a heavy-duty stainless steel exterior casing. Even when it is not in operation, your ice cubes can remain frozen for 6-8 hours.

LIGHT COMMERCIAL ICE MAKER

Our commercial ice maker operates with minimal noise, providing you with a comfortable environment. It's suitable for home use, small restaurants, bars, coffee shops, and beverage stores, making every sip and every moment more enjoyable.
