

Noritz Warranty Card

Article 22

- (1) In case where a defect is found in the Product as a result of the inspection test by the Purchaser, the Seller shall promptly repair the defective Product or deliver a replacement Product in accordance with the Purchaser's instructions.
- (2) The Seller shall manage the production and shipment of the main parts and components of the Products designated by the Purchaser in such a manner that the production lot thereof can be traced and identified.
- (3) In case where any defect in the Product attributable to the Seller is found subsequent to the resale of the Product by the Purchaser to its customers, the Seller and the Purchaser shall consult with each other with respect to the compensation for damages suffered by the Purchaser due to such defect.
