Comfort and Safe Cat Exercise Wheel

This cat exercise wheel is crafted from solid wood, ensuring its durability. With a spacious 12.6-inch wide base, it provides your cat a stable area to exercise. The unique 0.2''/6 mm gap design ensures safety, allowing your feline companion to run freely on the wheel.

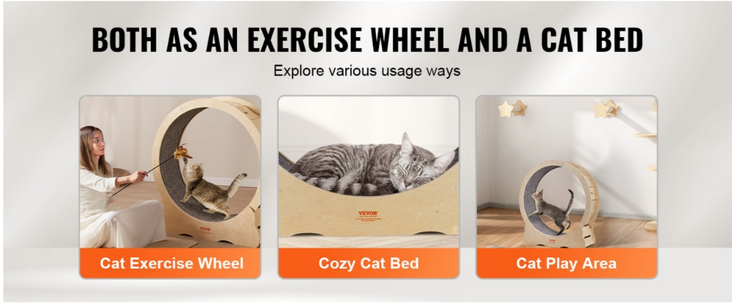

Featuring a silent wheel and noise-reducing holes, our cat wheel can reduce noise by 10-20%, creating a peaceful and enjoyable exercise environment for your pet. This allows you to coexist harmoniously with your pet and family.

The spacious inner diameter provides your furry cat with ample room for free and comfortable movement, suitable for cats of all sizes. Whether big or small, they can all easily use it to run and play.

The detachable inner mat makes cleaning a breeze. You can easily remove and clean or replace the inner mat. Pre-installed cat running wheel and expansion screws make installation simpler and more secure, providing you with added convenience.

This isn't just a cat exercise wheel; it's also a cozy cat bed. You can place soft cushions, blankets, or mattresses on the wheel, making it a comfortable cat home.
