Develop MotorSkills

Please read this manual carefully before use. Note: Please save it for future reference.

Usage Warnings:

Children should not wear cycle helmets while on equipment.

Do not allow children to stand on any swing seats, glider seats, or slide chutes.

Do not allow children to jump or climb off any moving equipment.

Do not twist swing ropes or wrap them over the top bar.

Do not allow loose, hooded, or baggy clothes to be worn.

Do not allow children to climb on parts not intended for this purpose.

Do not allow children to wander into the play area while equipment is in use.

Glider and swings must not exceed an angle of 60 degrees from the ground.

The minimum clearance between the swing seat and ground level should be 350mm.

Assembly and Maintenance:

Check nuts, bolts, and fittings for tightness.

Check coverings for bolts and sharp edges and replace as necessary.

Check swing seats, chains, ropes, and other attachments for deterioration and replace as necessary.

Manufacturer recommends replacing plastic swing rope clamps every 2 years.

Leave fittings finger tight until assembly is complete, then tighten firmly.

Customer Service:

Keep instructions in a safe place for future reference.

Contact customer service for any problems.

Inspect all parts of the product every 6 months following purchase.

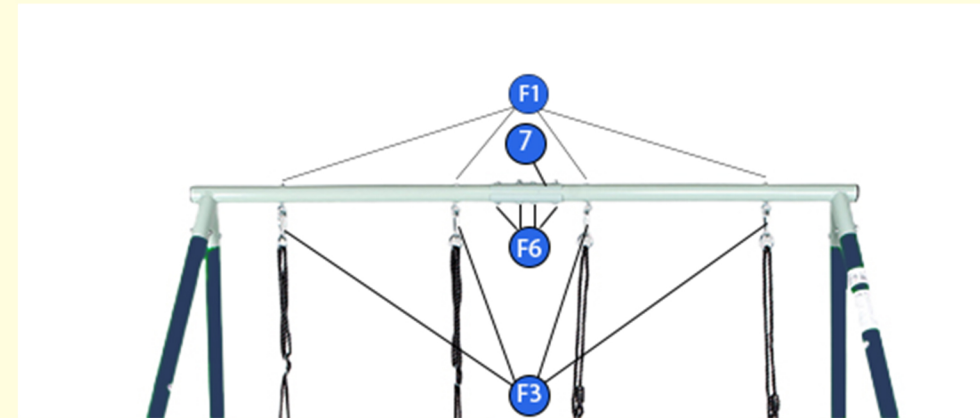

If any parts look worn or there are problems, contact us for replacements and do not use the product until the problem has been corrected.
